

FAST LPVO MOUNT - UNITY TACTICAL 34MM 2.05" 0 MOA CANTILEVER MOUNT, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The FAST series of optic mounts provides end users with a quicker sight picture than standard height mounts. A taller centerline height provides faster/easier reticle acquisition in all conditions, but especially while wearing tactical gear, night vision goggles, gas masks, helmets, and plate carriers. FAST mounts allow for more rapid visual processing of the battlefield by promoting a heads-up posture. Machined 7075-T6 / Type III Hardcoat Anodized. -Accepts 30mm and 34mm Scopes -Places optic's centerline 2.05" above rail -Compatible with optional offset BUIS/MRDS mount

FAST LPVO MOUNT UNITY TACTICAL 34MM 2.05" 0 MOA CANTILEVER MOUNT Safety Instruction Guide

Introduction

Thank you for choosing the FAST LPVO Mount by Unity Tactical. This guide provides essential safety instructions and information for the proper use of the mount. Please read this document carefully to ensure safe handling and operation.

General Safety Guidelines

To ensure the safe use of the FAST LPVO Mount, please observe the following guidelines:

- Always inspect the mount for any damage or defects before use.
- Ensure that the mount is compatible with your optic and firearm.
- Follow all local laws and regulations concerning firearm accessories.
- Keep the mount out of reach of children and vulnerable individuals.
- Use the mount only for its intended purpose as described in this guide.

Specific Safety Precautions for Use

When using the FAST LPVO Mount, adhere to these specific safety precautions:

- Ensure the mount is securely fastened to the rail before use to prevent accidental detachment.
- Avoid overtightening the screws, as this may damage the mount or the rail.
- Do not modify the mount or use it in ways not specified in this guide.
- Be aware of your surroundings while using the mount, especially in tactical situations.
- If you experience any issues with the mount during use, cease operation immediately and inspect for problems.

Instructions for Installation and Usage

Follow these steps for the proper installation and usage of the FAST LPVO Mount:

Installation Steps

1. **Gather Tools:** Ensure you have the necessary tools, such as a torque wrench and appropriate screwdrivers.
2. **Clean the Rail:** Wipe down the mounting rail on your firearm to remove any dirt or debris.
3. **Position the Mount:** Place the FAST LPVO Mount onto the rail at the desired position, ensuring it is aligned correctly.
4. **Secure the Mount:** Using the provided screws, tighten the mount to the rail. Use a torque wrench to apply the recommended torque settings.
5. **Check Stability:** After installation, check that the mount is stable and does not move when pressure is applied.

Usage Instructions

1. **Attach Optic:** Securely attach your 30mm or 34mm scope to the mount, following the optic manufacturer's instructions.
2. **Adjust for Comfort:** Adjust the height of the optic as needed for your shooting style and comfort.
3. **Test Alignment:** Before engaging in any shooting activities, ensure that the optic is properly aligned and

functioning.

4. **Regular Maintenance:** Periodically check the mount and optic for any signs of wear or loosening.

Disposal Instructions

When disposing of the FAST LPVO Mount, follow these guidelines:

- Dispose of the mount in accordance with local regulations concerning electronic and metal waste.
- Do not dispose of the mount in regular household waste.
- Consider recycling options available in your area.

Contact Information for Further Support

For any inquiries or concerns regarding the FAST LPVO Mount, please contact your local authorized dealer or visit the manufacturer's website for support resources.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your FAST LPVO Mount.
