

# CLUTCH BELT - UNITY TACTICAL LARGE (40"-48") CLUTCH BELT, BLACK

[Shooting Accessories](#) > [Holsters & Belt Gear](#) > [Holster Belts](#)

CLUTCH is the ultimate solution for concealment of mission critical gear in non-permissive environments. Designed to make a combat loadout disappear under civilian clothes, CLUTCH is a must-have system for anyone conducting low-vis or undercover operations. It can also be worn as an overt belt for critical response situations, training, home defense, etc. CLUTCH is a modular, multi-purpose belt platform that hugs the body with a two-way stretch material for a custom fit. The inside surface is backed with a no-slip material to keep it in place. Individual cells are lined with Velcro pile to secure any number of pockets, holsters, carriers, etc. A CLUTCH accessory kit is available, comprised of several elastic inserts that securely hold a number of items. CLUTCH can be completely mission-configured for any plain-clothes law enforcement, military, security, or CCW mission. CLUTCH easily accepts most kydex holsters. Simply remove the IWB or OWB belt loops and attach adhesive-backed Velcro (included) to secure the holster in a CLUTCH cell. The same can be done with polymer mag carriers and knife sheaths. Most kydex holster makers' products will easily install in CLUTCH. Once loaded up, simply wrap CLUTCH around your waist or belly and secure the Velcro front closure. Further adjustments can be made in the rear via shock cord draw string. CLUTCH is so form fitting and adjustable that it can literally make a full loadout disappear under a sweatshirt, light jacket, or even a button-down shirt. CLUTCH is extremely useful for plain clothes operations where users want to carry more than a compact handgun. It allows for carriage of a full size pistol, multiple reloads, radio, IFAK, etc, giving the user more capability to prosecute a fight. Because it relies on stretch material to conform to the wearer's body, CLUTCH can easily be paired with sweatpants or workout shorts and a hoodie. CLUTCH is the most versatile concealment rig available. It is a force multiplier for missions that would otherwise relegate operators to compact weapons and less hardware.

### Specific Safety Precautions for Use

- **Proper Fit:** Ensure the belt fits securely around your waist (40"48"). A proper fit is crucial for safety and comfort.
- **Weight Limit:** Do not exceed the recommended load capacity. Overloading may compromise safety and performance.
- **Avoid Sharp Objects:** Avoid carrying sharp objects that may puncture the belt or cause injury.
- **Check for Wear and Tear:** Regularly inspect the belt for any signs of damage or wear. Replace if necessary.
- **Use as Intended:** The belt is designed for tactical and concealment purposes. Do not use it for any unintended applications.
- **Children:** Keep the product out of reach of children to avoid potential hazards.

### Instructions for Installation and Usage

#### 1. Fitting the Belt:

- Wrap the CLUTCH BELT around your waist or belly.
- Adjust for a snug fit using the Velcro front closure.
- Make further adjustments using the shock cord drawstring at the rear.

#### 2. Attaching Accessories:

- For kydex holsters, remove the IWB or OWB belt loops.
- Attach the adhesivebacked Velcro (included) to secure the holster in a CLUTCH cell.
- This method also applies to polymer mag carriers and knife sheaths.

#### 3. Loading the Belt:

- Carefully load your gear into the individual cells lined with Velcro pile.
- Ensure that all items are securely fastened to prevent shifting during movement.

#### 4. **Wearing the Belt:**

- Once loaded, ensure the belt is snug and comfortable.
- Adjust clothing over the belt to maintain concealment.

## **Disposal Instructions**

- **Environmental Considerations:** When disposing of the CLUTCH BELT, follow local regulations for textile and plastic waste.
- **Recycling:** If possible, recycle the belt according to local recycling guidelines to minimize environmental impact.
