# Safety Instruction Guide for 6MM Creedmoor Brass by Alpha Munitions

## Introduction

Thank you for choosing the Alpha 6MM Creedmoor Brass. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read and follow all instructions carefully to avoid any potential hazards.

## General Safety Guidelines

- Always handle brass and ammunition components with care to prevent accidents.
- Ensure that all equipment used with the brass is in good working condition and suitable for its intended use.
- Store brass in a cool, dry place away from direct sunlight and moisture to maintain its integrity.
- Keep brass out of reach of children and unauthorized individuals.
- Regularly check for any recalls or safety alerts related to this product on the EU's Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use only in firearms that are specifically chambered for 6MM Creedmoor cartridges.
- Always wear appropriate eye and ear protection when reloading or firing ammunition.
- Inspect each brass case for signs of damage or wear before use. Do not use damaged cases.
- Follow all manufacturer guidelines for reloading, including recommended powder charges and bullet types.
- Ensure that the primer pockets are clean and free of debris before inserting primers.
- Avoid exceeding the recommended maximum pressure limits for your firearm.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials for reloading, including brass, primers, powder, and projectiles.
- Ensure your workspace is clean and organized.

### 2. Inspecting the Brass:

- Examine each brass case for cracks, dents, or other signs of damage.
- Discard any brass that does not meet safety standards.

### 3. Cleaning the Brass:

- Clean brass cases using a suitable cleaning method (e.g., tumbling or ultrasonic cleaning) to remove dirt and residue.
- Dry the brass thoroughly before proceeding.

### 4. Priming the Brass:

- Insert the appropriate primers into the primer pockets using a primer tool.
- Ensure that the primers are seated flush with the base of the brass.

### 5. Loading the Brass:

- Measure and add the correct amount of powder to each brass case using a scale and funnel.
- Carefully seat the bullet to the recommended overall length for the specific load.

#### **6. Final Inspection:**

- Inspect each loaded round for consistency and safety before use.
- Store loaded ammunition in a secure location, away from children and unauthorized persons.

## **Disposal Instructions**

- Dispose of any damaged or unusable brass in accordance with local regulations.
- Do not throw brass cases in regular household waste. Check for local recycling programs that accept brass.
- For unused or expired components, refer to local hazardous waste disposal guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the Alpha 6MM Creedmoor Brass, please refer to the appropriate contact channels provided by your retailer or manufacturer.

Thank you for your attention to these safety instructions. Enjoy your reloading experience responsibly!
