## ALPHA MUNITIONS 7MM-08 REMINGTON BRASS WITH OCD OPTIMIZED CASE HEAD TECHNOLOGY

The Alpha 7mm-08 Remington brass uses Large Rifle primers and ships in 100 count custom Alpha Munitions plastic cases with perforated bi-layer foam for protection of cases during shipping and can be used for loaded ammunition. Each 7mm-08 Remington case produced by Alpha Munitions also incorporates the company's OCD with optimized case head technology, which is designed to lengthen primer pocket life, as well as the life of the case overall, even at higher than normal pressures and velocities.

# Safety Instruction Guide for 7MM08 Remington Brass by Alpha Munitions

## Introduction

Thank you for choosing the Alpha 7MM08 Remington Brass. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before using the brass and keep it for future reference.

## General Safety Guidelines

- Ensure safe handling of all ammunition components.
- Always treat ammunition and brass with respect, as they can pose risks if mishandled.
- Follow all local laws and regulations regarding the use and storage of ammunition.
- Store brass in a cool, dry place away from direct sunlight and moisture.
- Regularly check for recalls or safety notices related to this product on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use Large Rifle primers as specified for the 7MM08 Remington brass.
- Inspect each brass case before use for any signs of damage, such as cracks or deformities.
- Avoid using damaged brass, as this may lead to malfunctions or dangerous situations.
- Ensure that your loading equipment is properly calibrated and maintained to prevent accidents.
- Always wear appropriate safety gear, including eye protection, when loading and shooting ammunition.
- Keep ammunition out of reach of children and unauthorized persons.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and components, including the Alpha 7MM08 Remington brass, Large Rifle primers, powder, and bullets.
- Ensure that your workspace is clean and organized to prevent accidents.

### 2. Loading the Brass:

- Carefully insert the Large Rifle primer into the primer pocket of the brass case.
- Use a reloading press to seat the primer firmly but do not overpress, as this may damage the primer pocket.
- Measure and add the appropriate amount of powder as per your loading data.
- Seat the bullet into the brass case, ensuring it is aligned properly.

### 3. Inspection:

- After loading, inspect each round for proper seating and ensure there are no visible defects.
- Store loaded ammunition in a secure and safe location.

### 4. Usage:

- When using the loaded ammunition, ensure that your firearm is suitable for 7MM08 Remington.
- Follow all safety protocols for handling and firing your firearm.

## **Disposal Instructions**

- Dispose of any damaged or unusable brass cases in accordance with local regulations.
- Do not dispose of brass in regular household waste. Check for local recycling programs that accept brass.
- Follow guidelines for the safe disposal of any unused or excess ammunition components.

## **Contact Information for Further Support**

For any questions or concerns regarding the Alpha 7MM08 Remington Brass, please refer to the contact details provided on the packaging or visit the manufacturer's website for additional resources.

By following these guidelines, you can ensure the safe and effective use of the Alpha 7MM08 Remington Brass. Thank you for your attention to safety.
