

V4 MIL/LEO GLOCK OPTIC MOUNTING PLATE - C&H PRECISION WEAPONS HOLOSUN 407K/507K FOR GLOCK 43/48 MOUNTING PLATE BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

A Dedicated Optic-Mounting Plate for Your Go-To Glock

C&H Precision has developed a dedicated optics-mounting plate designed for use on a range of MOS-ready Glock pistols, and these plates are designed for heavy duty use with a wide range of popular red-dot optics on the market. Each C&H Precision V4 MIL/LEO Optic Mounting Plate designed for use on Glock pistols is machined from 6061 aluminum and treated with a hard-anodized finish. The plates are equipped with two recoil posts, and all of the company's V4 plates come with replaceable T-posts made from stainless steel. Products marked RSF (Rear Sight Forward) feature a forward mounting rear sight built into the mount and are not compatible with the Trijicon SRO. The plates are secured with Torx head screws designed for the best possible retention.

V4 MIL/LEO GLOCK OPTIC MOUNTING PLATE

Safety Instructions

Introduction

Thank you for choosing the C&H Precision V4 MIL/LEO Optic Mounting Plate for your Glock 43/48. This guide provides essential safety instructions to ensure the correct and safe use of the product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always handle the mounting plate with care to avoid injury or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the mounting plate for signs of wear or damage before each use.
- In case of any malfunction or if the product appears damaged, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Use only compatible optics as specified in the product description (e.g., Holosun 407K/507K).
- Ensure that the mounting plate is securely attached to the pistol before use.
- Avoid using excessive force when tightening screws; follow the manufacturer's torque specifications.
- Do not modify the mounting plate in any way, as this may compromise safety and functionality.
- Be aware of potential hazards such as sharp edges during installation and handling.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a Torx screwdriver.
- Ensure that the workspace is clean and free of distractions.

2. Installation:

- Remove any existing optics or accessories from the Glock 43/48.
- Align the mounting plate with the designated mounting points on the pistol.
- Insert the Torx screws through the recoil posts into the mounting holes.
- Tighten the screws evenly and securely, ensuring that the mounting plate is firmly attached.

3. Usage:

- Once installed, attach the compatible optic according to the manufacturer's instructions.
- Always perform a function check on the optic and mounting plate before use.
- Regularly check the tightness of the screws and the integrity of the mounting plate during use.

Disposal Instructions

- Dispose of the mounting plate and any packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste; consider recycling where possible.

Contact Information for Further Support

For safety inquiries or additional support regarding the V4 MIL/LEO Optic Mounting Plate, please refer to the manufacturer's website or customer service.

By following these safety instructions, you can ensure a safe and effective experience with your C&H Precision V4 MIL/LEO Optic Mounting Plate. Thank you for your attention to these important guidelines.
