

ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS - HAWKINS PRECISION 35MM 1.375" ULTRA LIGHT TACTICAL RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Ultra-light tactical scope rings from Hawkins Precision are made in the USA out of billet of 6061 T6 aluminum. These fully machined rings are robust and feature a corrosion-resistant black anodized finish. Machined with a clamp and recoil lug made from 7075 aluminum, these scope rings deliver extra strength and grip. The ultra-light design frees you from carrying unnecessary bulk. Hawkins Precision scope rings come standard with an anti-cant level cap and are available in 30mm and 34mm, sized in low, medium, and high. Hawkins Precision Torque Specifications Check the torque recommendations for your particular rifle scope before using these recommendations. Ring top screws: 25-in-lb. Base cross bolts: 65-in-lb.

ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS from Hawkins Precision. These scope rings are designed to enhance your shooting experience while ensuring safety and reliability. This guide provides essential safety instructions, installation guidelines, and disposal information to help you use this product safely and effectively.

General Safety Guidelines

- Always ensure that your rifle scope is compatible with the scope rings before installation.
- Inspect the scope rings for any damage or defects before use.
- Ensure that the scope rings are properly tightened to avoid any accidents during use.
- Keep the scope rings out of reach of children and vulnerable individuals.
- Regularly check for wear and tear, especially if used in harsh conditions.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the scope rings only for their intended purpose; do not modify them.
- Ensure that the anticant level cap is properly installed to avoid misalignment.
- Always wear appropriate eye protection when using firearms equipped with these scope rings.
- Avoid overtightening the screws, as this may damage the scope rings or the rifle scope.
- If you experience any issues with the scope rings during use, stop using them immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench.
- Ensure your workspace is clean and free of distractions.

2. Installation:

- Place the scope rings on the appropriate mounting base of your rifle.
- Align the scope tube with the rings and ensure it is level.
- Tighten the ring top screws to a torque of 25inlb.
- Secure the base cross bolts with a torque of 65inlb.
- Doublecheck the alignment and ensure the anticant level cap is installed.

3. Usage:

- After installation, check the stability of the scope rings before each use.
- Regularly monitor the tightness of the screws and bolts during use.
- Make adjustments as necessary for optimal performance.

Disposal Instructions

- Dispose of the scope rings responsibly in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling the aluminum material if possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact details provided with the product packaging.
