

# AR-15 ANGLED GRIPS W/ CABLE MANAGEMENT FUNCTION - STRIKE INDUSTRIES AR-15 ANGLED GRIP LONG W/ CABLE MANAGEMENT FUNCTION BLACK

[Rifle Parts](#) > [Grip Parts](#) > [Pistol Grips](#)

The Strike Industries Angled Vertical Grip with Cable Management is engineered like no other grip on the market. The grip angle sits on the handguard at 86 degrees. Patent pending SI cable management function enables you to organize and store excess wire from your weapon light or any other cabled accessories in multiple configurations. Instead of tucking wire anywhere you can and using cable ties or tape to hold it down, the cable management feature will offer you a place to route and/or contain loose wire inside the grip cavity. The side cuts at the top middle of the grip allow for easier pressure switch attachment. Compared to the Short version, the Long version has an added built-in stability feature when you place the L-shaped bottom onto a table edge/corner or as a barricade stop, giving you another way to get back on target faster downrange. The Short version can be mounted in either direction for your own preferred and personal setup and is low-profile form helps to minimize snags. The forward angle provides more of a natural wrist angle and increased rigidity of forearm. Designed with textured palm and finger areas with flat sides for positive handling and easier manipulation of the firearm. Made from durable and lightweight polymer compatible with M-LOK rails, the Strike Industries Angled Vertical Grip with Cable Management (Long) gives the shooter control while handling or firing the weapon, added stability (Long) with table/edge corner or as a barricade stop and an innovative way to ensure total cable management. No messy wires. 86° grip angle Built-in cable management w/ excess wire storage (patent pending) Forward angle provides more of a natural wrist angle and increased rigidity of forearm Side cuts at top of grip for pressure switch cable routing Built-in stability when L-shaped bottom is placed on a table edge/corner or as a barricade stop (Long) Low-profile design to minimize snags (Short) Can be mounted in either direction for preferred setup (Short) Textured palm and finger areas with flat sides for better weapon manipulation control Made from durable and lightweight polymer For M-LOK rails

## Attributes

# Safety Instruction Guide for AR15 Angled Grips with Cable Management Function

## Introduction

Thank you for choosing the Strike Industries AR15 Angled Grip with Cable Management Function. This product is designed to enhance your shooting experience while ensuring safety and ease of use. This guide provides important safety instructions, installation procedures, and maintenance tips to ensure safe operation and longevity of your grip.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until ready to shoot.
- Be aware of your surroundings and ensure a safe backdrop before firing.
- Always wear appropriate eye and ear protection when handling or firing your weapon.
- Regularly inspect your grip and firearm for any signs of wear or damage.
- Store your firearm and accessories securely, out of reach of children and unauthorized users.

## Specific Safety Precautions for Use

- **Installation Precautions:** Ensure that the grip is securely attached to the firearm before use. Loose grips can lead to accidents.
- **Cable Management:** Use the cable management feature responsibly to avoid entanglement with other accessories or during movement.
- **Pressure Switches:** When attaching pressure switches, ensure that they are securely fastened and do not interfere with the operation of the firearm.
- **Stability Features:** When using the grip's stability feature, ensure that it is placed on a stable surface to prevent slipping or tipping.
- **Age Warning:** This product is intended for use by individuals 18 years and older. Keep out of reach of children.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing grip (if applicable) by unscrewing it from the handguard.
- Align the Strike Industries Angled Grip with the mounting point on the handguard.
- Securely fasten the grip using the provided screws. Ensure it is tight and stable.
- Check that the grip is positioned at the desired angle (86 degrees) for optimal use.

### 2. Usage:

- Hold the grip firmly with both hands for stability while aiming and shooting.
- Utilize the cable management feature to organize any wires from accessories to avoid snags.
- When using the grip as a barricade stop, ensure it is placed securely against the surface.
- Adjust the grip angle as needed for comfort and control.

### 3. Maintenance:

- Regularly clean the grip with a damp cloth to remove dirt and debris.

- Inspect the grip for any signs of wear, cracks, or damage before each use.
- Replace the grip if it shows significant damage or if the cable management feature is compromised.

## **Disposal Instructions**

- Dispose of the grip in accordance with local waste management regulations.
- If the grip is damaged beyond repair, consider recycling it if possible.
- Do not dispose of the grip in regular household waste if it contains any hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the use or safety of the Strike Industries AR15 Angled Grip with Cable Management Function, please contact the manufacturer or your local retailer.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Strike Industries AR15 Angled Grip. Always prioritize safety and handle your firearm responsibly. Thank you for choosing our product.
