## SURESHELL POLYMER CARRIER 12G 6-SHELL

[Shooting Accessories](#) > [Speedloaders & Accessories](#) > [Shotgun Shell Holders](#)

Carry more ammunition “at the ready”: Professional operators who are unwilling to sacrifice quality, performance, and durability, will find Mesa Tactical’s polymer shotshell carriers to be an especially attractive and economical alternative to the low-cost consumer grade plastic shell holders offered by competitors. SureShell® Polymer Shotshell Carriers are made from durable, impact resistant polymer. This shotshell carrier system, available in a six shell configuration, features shell holders injection molded from glass filled polymer, secured to the receiver by a lightweight aluminum back plate with brass threaded inserts. The SureShell Polymer Carrier also includes an innovative dual rubber friction system that reliably holds shotshells in place. Some SureShell carriers include high temperature adhesive backed, die-cut rubber gaskets to protect the host shotgun’s finish. The Sureshell receiver mounting system for Remington 870, 1100 and 11-87 shotguns uses a combination of steel fasteners threaded into a steel pin (at the rear) and paired Chicago screws (up front) for more secure attachment to the shotgun without the risk of pinching the receiver. The mounting plate even features a window over the shotgun serial number location, to make it easier for armorers to inventory their weapons. Models are available with and without integral Picatinny rails for mounting optics. Like all SureShell carriers, the new polymer SureShell shotshell carriers work well in all climates and environments, and are designed to withstand the daily use and abuse to which arsenal weapons are commonly subjected. This system securely holds shells in place until needed at which time they are readily accessible and easily removed for rapid reloading.

### Attributes

- Name: [REMINGTON V3 SURESHELL POLYMER CARRIER 12G 6-SHELL](#)
- Manufacturer: [MESA TACTICAL PRODUCTS](#)
- Product no.: 100044313

## SAFETY INSTRUCTION GUIDE

### Introduction

Thank you for choosing the SureShell Polymer Shotshell Carrier for your Remington V3 shotgun. This product is designed for professional operators who value quality, performance, and durability. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

### General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the manufacturer's instructions.
- Always treat firearms with respect and handle them safely.
- Keep the shotshell carrier out of reach of children and unauthorized users.
- Regularly inspect the carrier for any signs of damage or wear.
- If you notice any defects or malfunctions, discontinue use immediately and consult a qualified technician.
- Use only compatible shotshells with the carrier.

### Specific Safety Precautions for Use

- Always ensure that your shotgun is unloaded before installing or removing the shotshell carrier.
- Avoid using the carrier in extreme temperatures or conditions that may affect its performance.
- Do not attempt to modify the shotshell carrier. Any alterations may compromise its safety and functionality.
- Ensure that the mounting hardware is securely tightened before use.
- When reloading, always keep your finger off the trigger until you are ready to fire.
- Be aware of your surroundings and ensure that no one is in the line of fire when handling your shotgun.

### Instructions for Installation and Usage

#### Installation

1. **Gather Tools:** Ensure you have the necessary tools, including a screwdriver and any additional tools required for your specific shotgun model.
2. **Prepare the Shotgun:** Make sure the shotgun is unloaded and pointed in a safe direction.
3. **Mounting the Carrier:**
  - Align the shotshell carrier with the receiver of your shotgun.
  - Use the provided mounting hardware to secure the carrier in place. Ensure that the aluminum backplate is properly attached with the brass threaded inserts.
  - If applicable, ensure that the hightemperature adhesive backed, diecut rubber gaskets are installed to protect the shotgun's finish.
4. **Check Secure Attachment:** After installation, doublecheck that the carrier is firmly attached and does not wobble or move.

#### Usage

- Load the shotshells into the carrier by pressing them into the shell holders until they are securely in place.
- To remove a shotshell, simply pull it out from the carrier. Ensure that you are in a safe position when doing so.
- When not in use, store the shotgun with the shotshell carrier in a safe and secure location.

## **Disposal Instructions**

- When disposing of the product, follow local regulations for plastic waste disposal.
- Do not burn the product as it may release harmful fumes.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the SureShell Polymer Shotshell Carrier, please refer to the manufacturer's contact information provided with your product packaging.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your SureShell Polymer Shotshell Carrier. Always prioritize safety and responsible handling of your firearm.
