Safety Instruction Guide for SURESHELL ALUMINUM CARRIERS

Introduction

Thank you for choosing the SURESHELL ALUMINUM CARRIERS by MESA TACTICAL PRODUCTS for your Mossberg 500/590/MAV 88 shotgun. This product is designed to provide a rugged solution for packing extra ammunition securely while ensuring safe use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that you are familiar with the operation of your shotgun before using the carrier.
- Always handle firearms with care and follow all local laws and regulations regarding firearms.
- Keep the product out of reach of children and unauthorized users.
- Inspect the carrier regularly for signs of wear or damage before each use.
- Do not exceed the specified capacity of 4 rounds as indicated by the manufacturer.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that the shotgun is unloaded before attaching or detaching the carrier.
- Avoid using the carrier in wet or damp conditions, as moisture can affect the integrity of the aluminum.
- Do not modify the carrier or attempt to repair it yourself; contact the manufacturer for any issues.
- Be cautious of sharp edges on the aluminum yokes during handling and installation.
- When using the shotgun with the carrier attached, ensure that the carrier does not obstruct your view or handling of the firearm.

Instructions for Installation and Usage

1. Installation

- Ensure that the shotgun is unloaded and pointed in a safe direction.
- Align the carrier with the designated mounting points on the shotgun.
- Secure the carrier using the provided mounting hardware, ensuring a tight fit.
- Doublecheck that the carrier is firmly attached before loading ammunition.

2. Usage

- Load the carrier with a maximum of 4 rounds of 20gauge ammunition.
- Ensure that the rounds are seated properly within the carrier.
- When ready to fire, follow standard shotgun operation procedures.
- After use, unload the shotgun and detach the carrier if necessary.

Disposal Instructions

- Dispose of the product responsibly in accordance with local regulations.
- Do not dispose of the carrier in regular household waste.
- Contact local waste management authorities for guidance on the proper disposal of aluminum products.

Contact Information for Further Support

For any safety inquiries or product support, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on your careful handling and use of this product.
