

AR-15 A2 3-PRONG FLASH HIDER 1/2-28 - FORWARD CONTROLS DESIGN

AR-15 A2 3-PRONG FLASH HIDER 1/2-28

[Rifle Parts](#) > [Muzzle Devices](#) > [Flash Hiders](#)

Precision machined from solid 4140 steel bar stock, heat treated, and black nitrided, it is probably the finest A2 style comp/flash suppressor ever produced. Its 3 and 9 o'clock ports are angled up at 8 degrees, and smaller than the 12 o'clock port so more gas is vented through the upward facing ports, it is a superior compensator to the A2, its flash suppression is superior to that of an A2, thanks to its open ended design. 1815 is compatible with M16 BFA and most A2 mounted sound suppressors. Note that since 1815 does have flash suppression capability equal to that of an A2, it is to be treated as a flash suppressor for states that feel threatened by them, such as CA, MA and NY. Threaded for 1/2x28. 1815 is a light and short blended performance muzzle device. It features shorter and smaller 3 and 9 o'clock ports to direct gas upward, this provides 15 to 20% better muzzle rise compensation than the A2, and what is impressive is that it does so without sacrificing its flash suppression capabilities or creating more noise and concussion. The number 18 in its name pays homage to the Armalite AR 18/180, the shape of its ports draws heavily from the AR18/180's flash suppressor design. Due to the abbreviated length of the prongs, 1815 will not ring or "ping" after each shot. A crush washer is included Proudly designed and made in USA Compact A2 sized 3 prong Threaded 1/2x28 threaded flash suppressor/compensator Improved muzzle rise compensator capabilities

Safety Instruction Guide for AR15 A2 3Prong Flash Hider

Introduction

Thank you for choosing the AR15 A2 3Prong Flash Hider from Forward Controls Design. This product is designed to enhance your firearm's performance while ensuring safety during use. Please read this guide thoroughly to understand how to use, install, and dispose of this product safely.

General Safety Guidelines

- Ensure that you are of legal age and have the necessary permits to purchase and use this product.
- Always treat firearms and firearm accessories with respect and caution.
- Store this product in a safe place, out of reach of children and unauthorized users.
- Familiarize yourself with all local laws and regulations regarding the use of flash hiders and firearm accessories.
- Regularly inspect your flash hider for any signs of wear or damage before use.
- Report any unsafe products or accidents to local authorities.

Specific Safety Precautions for Use

- Use only with firearms that are compatible with the AR15 platform.
- Ensure the firearm is unloaded before installing or removing the flash hider.
- Avoid pointing the firearm at yourself or others during installation or adjustment.
- When firing, ensure that the area is clear of obstructions that could cause ricochet.
- Be aware of your surroundings and ensure that you are in a safe environment when using the firearm equipped with this flash hider.
- Use hearing protection when firing, as muzzle devices can increase noise levels.
- Do not modify the flash hider in any way, as this may compromise safety and performance.

Instructions for Installation and Usage

Installation

1. **Gather Tools:** You will need a wrench and a crush washer (included).
2. **Prepare the Firearm:** Ensure the firearm is unloaded and pointed in a safe direction.
3. **Remove Old Device:** If applicable, use a wrench to remove any existing flash hider or muzzle device.
4. **Install Crush Washer:** Place the crush washer onto the muzzle of the firearm.
5. **Attach Flash Hider:** Screw the AR15 A2 3Prong Flash Hider onto the muzzle, ensuring it is aligned properly.
6. **Tighten Securely:** Use a wrench to tighten the flash hider, ensuring it is secure but do not overtighten, as this may damage the threads.

Usage

- Once installed, the flash hider is ready for use with your AR15 firearm.
- Always perform a function check to ensure the flash hider is securely attached before firing.
- Follow all standard firearm safety practices while using the firearm.

Disposal Instructions

- Follow local regulations for the disposal of firearm accessories.
- If the flash hider is damaged or no longer usable, consider recycling the metal components where

possible.

- Do not dispose of the flash hider in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of the AR15 A2 3Prong Flash Hider, please contact the manufacturer or refer to the product's official website for more information.

By adhering to these safety instructions, you can ensure a safer and more enjoyable experience with your AR15 A2 3Prong Flash Hider. Thank you for your attention to safety.
