

AR .308 STONER 63 LMG A2 FLASH HIDER 5/8-24 - FORWARD CONTROLS DESIGN AR .308 STONER 63 LMG A2 FLASH HIDER 5/8-24

[Rifle Parts](#) > [Muzzle Devices](#) > [Flash Hiders](#)

Threaded for 5/8x24, precision machined from solid 4140 bar stock, heat treated, and black nitrided, it is probably the finest A2 style comp/flash suppressor ever produced. Its 3 and 9 o'clock ports are 25% smaller (shorter and narrower) than the other three upward facing ports so more gas is vented through the upward facing ports, it is a superior compensator to the A2, its flash suppression is equal to that of an A2. 6315 is compatible with M16 BFA and most A2 mounted sound suppressors. Note that since 6315 does have flash suppression capability equal to that of an A2, it is to be treated as a flash suppressor for states that feel threatened by them, such as CA, MA and NY. Threaded for 5/8x24. 6310 is a light and short blended performance muzzle device. It features shorter and smaller 3 and 9 o'clock ports to direct gas upward, this provides 15 to 20% better muzzle rise compensation than the A2, and what is impressive is that it does so without sacrificing its flash suppression capabilities or creating more noise and concussion. The number 63 in its name pays homage to the Stoner 63 light machine gun, the shape of its ports draws heavily from the Stoner 63 LMG's flash suppressor design. A crush washer is included Proudly designed and made in USA. Compact A2 sized 5/8x24 threaded 30 cal flash suppressor/compensator Improved muzzle rise compensator capabilities

AR .308 STONER 63 LMG A2 FLASH HIDER 5/824

Safety Instruction Guide

Introduction

Thank you for choosing the AR .308 STONER 63 LMG A2 FLASH HIDER 5/824 from FORWARD CONTROLS DESIGN. This product is designed to enhance the performance of your firearm while ensuring safety during use. This guide provides essential safety information, installation instructions, and proper usage guidelines to help you maximize your experience while minimizing risks.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Ensure you are familiar with the laws and regulations regarding the use of firearm accessories in your region.
- Keep this product out of reach of children and unauthorized users.
- Inspect the flash hider regularly for any signs of wear or damage.
- Use only with firearms that are compatible with the 5/824 threading.
- Never modify or alter the flash hider in any way.
- Always wear appropriate eye and ear protection when using firearms.
- Do not use this product in any manner that could cause harm to yourself or others.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may lead to malfunction or damage to the firearm.
 - Excessive heat generated during use can cause burns.
 - Flash suppression capabilities may vary based on environmental conditions and ammunition used.
- **To Avoid Hazards:**
 - Follow the installation instructions carefully.
 - Allow the flash hider to cool down before handling after use.
 - Use appropriate ammunition that is compatible with the flash hider.
 - Regularly clean and maintain the flash hider to ensure optimal performance.

Instructions for Installation and Usage

Installation Instructions

1. Gather Tools:

- Ensure you have the necessary tools for installation, such as a wrench and crush washer (included).

2. Prepare the Firearm:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing muzzle device if applicable.

3. Install the Flash Hider:

- Align the flash hider with the 5/824 threaded muzzle of your firearm.
- Handtighten the flash hider onto the muzzle.
- Use a wrench to secure it, ensuring it is snug but not overtightened.

4. Check Alignment:

- Ensure the flash hider is properly aligned and securely attached.

Usage Instructions

- Always ensure your firearm is in safe working condition before use.
- Use only approved ammunition that matches the specifications for your firearm and flash hider.
- During shooting, maintain a safe distance from others and ensure the area is clear.
- Monitor the flash hider for any signs of damage or wear after each use.

Disposal Instructions

- When the flash hider reaches the end of its service life or is no longer needed, dispose of it in accordance with local regulations.
- Consider recycling if possible, as many components can be repurposed.

Contact Information for Further Support

For any questions or concerns regarding safety, installation, or usage, please refer to the manufacturer's contact details provided with your product packaging. It is essential to seek assistance from qualified professionals for any issues related to the flash hider or your firearm.

By following these safety instructions, you can ensure a safe and effective experience with your AR .308 STONER 63 LMG A2 FLASH HIDER 5/824. Thank you for prioritizing safety and responsible use.
