## **G10 DIMPLED RAIL COVER LONG 4.7IN. M-LOK**

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Rail Covers](#)

MCF (MLOK Cover, Forward Controls) is a collaboration between Railscales and Forward Controls Design. Machined in G10, with the AA surface (All Angles, or dimpled) pattern we developed for our bolt catch (ABC/R), forward assist (LDFA), ambidextrous magazine release (EMR-A). The AA concept was not developed for aesthetics, but as a versatile surface that offers equal traction from all angles of approach (thus the AA designation). The AA surface can hardly find a better application than hand guard rail covers, where a user's hand can have multiple angles of approach and hold the hand guard in different ways. The AA pattern on the MCF is made of two dimple sizes and depths, a series of large perforations / drain holes are drilled along its length in the middle row of dimples. MCF is available in two lengths: MCF-S (short, 3.2", covers 2 MLOK slots) and MCF-L (long, 4.7", covers 3 MLOK slots), both come standard with MLOK mounting hardware. Width: 0.600" Thickness: 0.125" Length: Long 4.7" Weight: 0.48oz per panel 416 stainless nuts 3/32 Allen key required (not included) Each package of MCF contains one M-LOK cover Machined G10 MLOK hand guard cover Size: 3.2" or 4.7" 2 M-LOK or 3 M-LOK slots

### **Attributes**

# Safety Instruction Guide for G10 DIMPLED RAIL COVER MLOK

## Introduction

Thank you for choosing the G10 DIMPLED RAIL COVER MLOK by Forward Controls Design. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before installation or use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Always inspect the product before use for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Use the product in a safe environment, ensuring that the area is clear of hazards.
- Follow all local laws and regulations regarding the use of firearm accessories.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper installation can lead to accidents or product failure.
- The product may have sharp edges; handle with care.
- Ensure that the rail cover is securely mounted to prevent detachment during use.

### • Avoiding Hazards:

- Always use the correct tools for installation, as specified in the instructions.
- Do not exceed the recommended weight limit for the rail cover.
- Avoid using the product in extreme temperatures or harsh environments that could affect its integrity.

### • Age Specific Warnings:

- This product is not intended for use by individuals under the age of 18.
- Ensure adult supervision when the product is in the vicinity of minors.

## Instructions for Installation and Usage

### 1. Installation:

- Gather the necessary tools: a 3/32 Allen key (not included).
- Ensure that the MLOK slots on your handguard are clean and free from debris.
- Align the G10 DIMPLED RAIL COVER with the MLOK slots.
- Insert the provided MLOK mounting hardware into the slots and tighten securely using the Allen key.
- Verify that the cover is firmly attached and does not shift or move.

### 2. Usage:

- Use the rail cover to enhance grip and control while handling your firearm.
- Ensure that your hands are dry and free from oils or substances that could affect grip.
- Regularly check the rail cover for any signs of wear or loosening and retighten as necessary.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for composite materials.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling options where available.

## Contact Information for Further Support

For any inquiries or concerns regarding the G10 DIMPLED RAIL COVER MLOK, please contact the manufacturer directly. Ensure you have the product details ready for a more efficient response.

## Conclusion

By following these safety instructions, you can ensure the safe and effective use of your G10 DIMPLED RAIL COVER MLOK. Always prioritize safety and compliance with local laws while using this product. Thank you for your attention to these important guidelines.
