

HELLFIRE LINEAR FLASH SUPPRESSOR - AREA 419 LINEAR FLASH SUPPRESSOR 5/8 -24

[Rifle Parts](#) > [Muzzle Devices](#) > [Flash Hiders](#)

A Flash Hider That Directs Muzzle Blast Forward

Area 419's Hellfire Linear Flash Suppressor not only hides muzzle flash from your short carbine or pistol, it also takes all of that annoying concussive muzzle blast and directs it forward, so you and your range buddies have a better shooting experience. In addition, directing all the blast forward means there's less disruption in your immediate shooting area, so if you're lying prone on a dusty range bay, you aren't going to kick up dirt and dust around you with every trigger pull. Each Area 419 Hellfire Linear Flash Suppressor is machined from 17-4 PH stainless steel and finished with a black-nitride treatment that matches well with any firearm. In addition, this muzzle device features a .45-caliber bore, allowing you to use it on guns chambered up to .458 SOCOM with ease. Two different models are available to fit guns sized with 1/2-28 TPI and 5/8-24 TPI muzzle threads. This flash suppressor also fits onto any Hellfire Universal Adapter, so you can swap back and forth from muzzle brake to flash suppressor with ease.

HELLFIRE LINEAR FLASH SUPPRESSOR SAFETY INSTRUCTION GUIDE

Introduction

Thank you for purchasing the Area 419 Hellfire Linear Flash Suppressor. This product is designed to enhance your shooting experience by reducing muzzle flash and directing concussive blast forward. Please read this safety instruction guide carefully to ensure safe and effective use of your flash suppressor.

General Safety Guidelines

- Ensure that you are familiar with the laws and regulations regarding firearm accessories in your area.
- Always handle firearms and accessories with care and respect.
- Use the flash suppressor only with compatible firearms and ammunition.
- Regularly inspect your flash suppressor for signs of wear or damage.
- Follow all manufacturer instructions for installation and usage.
- Keep this product out of reach of children and unauthorized users.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper installation may lead to malfunction or injury.
- Using the suppressor with incompatible firearms may cause damage or unsafe conditions.
- Always ensure the firearm is unloaded before installing or removing the suppressor.

- **Avoiding Hazards:**

- Read and understand all instructions before use.
- Ensure the suppressor is securely attached before firing.
- Do not exceed the recommended caliber specifications.
- Be aware of your surroundings when shooting to prevent accidents.

- **AgeSpecific Warnings:**

- This product is intended for adult use only. Keep it away from children and inexperienced users.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Clean the muzzle threads of your firearm to remove any debris.
- Align the flash suppressor with the muzzle threads.
- Handtighten the suppressor onto the muzzle until secure. Do not use excessive force.
- If applicable, check for proper alignment with any Hellfire Universal Adapter.

2. Usage:

- Always wear appropriate eye and ear protection when shooting.
- Confirm that the suppressor is securely attached before firing.
- Fire in a safe environment, ensuring that you have a clear line of sight and a safe backstop.
- After use, allow the suppressor to cool before handling.

3. Maintenance:

- Regularly inspect the suppressor for signs of wear, such as cracks or excessive carbon buildup.
- Clean the suppressor according to the manufacturer's instructions to maintain optimal performance.
- Store the suppressor in a safe and dry location when not in use.

Disposal Instructions

- Dispose of the flash suppressor in accordance with local regulations regarding metal recycling and hazardous waste.
- Do not dispose of the suppressor in regular household waste.
- If the suppressor is damaged or no longer usable, contact a qualified professional for disposal options.

Contact Information for Further Support

For any questions or concerns regarding the installation, usage, or safety of the Area 419 Hellfire Linear Flash Suppressor, please refer to the manufacturer's website or contact their support team for assistance. It is important to ensure that you have the most accurate and up-to-date information regarding your product.

Thank you for your attention to these safety guidelines. By following these instructions, you can enjoy a safer and more effective shooting experience with your Area 419 Hellfire Linear Flash Suppressor.
