Safety Instruction Guide for EXACTFIT EJECTORS

Introduction

Thank you for choosing the Harrison Design ExactFit Ejector. This product is designed to enhance the performance of your 1911 caliber firearm while prioritizing safety and durability. Please read this safety instruction guide carefully to ensure safe and effective use of the ejector.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure your workspace is clean and free from obstructions.
- Wear appropriate eye and ear protection when handling firearms.
- Store the ejector and all firearm components in a secure location, away from children and unauthorized users.
- Regularly inspect your firearm and its components for wear and damage.
- Always follow the manufacturer's guidelines and recommendations for your specific firearm model.

Specific Safety Precautions for Use

- Ensure that the ejector is compatible with your specific 1911 model before installation.
- Do not attempt to modify or alter the ejector in any way, as this may compromise safety and functionality.
- Be aware of the potential hazards associated with handling and installing firearm components, including cuts, pinching, and accidental discharge.
- If you are unsure about the installation process, seek assistance from a qualified gunsmith.
- Never use the ejector if it appears damaged or shows signs of wear.

Instructions for Installation and Usage

Installation

1. Preparation

- Ensure the firearm is unloaded and the magazine is removed.
- Gather necessary tools, including a punch set, hammer, and any specific tools recommended by the firearm manufacturer.

2. Remove the Old Ejector

- Carefully remove the existing ejector from the firearm. Refer to your firearm's manual for specific instructions.
- Inspect the ejector channel for any debris or damage.

3. Install the New Ejector

- Align the Harrison Design ExactFit Ejector with the ejector channel.
- Gently tap the ejector into place using a punch and hammer, ensuring it fits snugly against the rear side of the slide.
- Verify that the ejector is properly seated and does not obstruct any moving parts.

4. Final Checks

- Reassemble the firearm according to the manufacturer's instructions.

- Conduct a function test to ensure the ejector operates correctly without any obstructions.

Usage

- Regularly check the ejector for signs of wear or damage during routine firearm maintenance.
- If you experience any malfunctions or performance issues, cease use immediately and consult a qualified gunsmith.

Disposal Instructions

- Dispose of any old or damaged ejectors in accordance with local regulations.
- Contact your local waste management facility for guidance on safe disposal methods for firearm components.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Harrison Design ExactFit Ejector, please refer to the EU contact point for consumer safety. Regularly check for updates and recall information through the EU's Safety Gate platform.

By following these safety instructions, you can ensure the safe and effective use of your Harrison Design ExactFit Ejector. Thank you for prioritizing safety and responsible firearm handling.
