

1911 EXTREME SERVICE FLAT FACE TRIGGER - HARRISON DESIGN & CONSULTING FLAT FACE 1911 TRIGGER, BLACK

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

Harrison Design Flat Face trigger are manufactured to offer the shooter a 1911 trigger with features that will allow years of reliable, comfortable service. All Extreme Service Trigger are made with hardened stainless-steel bows that are micro-polished to reduce friction. The solid aluminum shoe is oversized in height allowing fitting to the individual pistol. The squared off face of the trigger shoe is smooth with a radius from side to side, so your trigger finger doesn't feel any sharp square corners where the face meets the sides. The face is free from serrations and holes for the over-travel screw that can chafe and abrade your trigger finger during long training sessions. The fixed over-travel stop is permanently locked in place so it can't creep in and render your pistol inoperative in an emergency. The initial adjustment to the over-travel stop is made by filing the end of the screw and re-testing until the correct amount of over-travel is achieved. Note: Gunsmith fitting required.

Attributes

- Name: [HARRISON DESIGN & CONSULTING FLAT FACE 1911 TRIGGER, BLACK](#)
- Manufacturer: [HARRISON DESIGN & CONSULTING](#)
- Product no.: 100045336

Safety Instruction Guide for 1911 Extreme Service Flat Face Trigger

Introduction

Thank you for choosing the 1911 Extreme Service Flat Face Trigger by Harrison Design & Consulting. This guide provides essential safety instructions to ensure the safe use and installation of your trigger. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the trigger is compatible with your specific 1911 model.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the trigger and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the trigger for any signs of wear or damage before use.
- If you experience any malfunction or irregularity during use, cease operation immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- **Avoid Modification:** Do not attempt to modify the trigger or any of its components beyond the recommended adjustments.
- **Use Protective Gear:** Always wear appropriate eye and ear protection when handling or firing your firearm.
- **Check for OverTravel:** Ensure that the overtravel stop is properly adjusted to prevent accidental discharges.
- **Training:** Familiarize yourself with the trigger's function and operation through proper training and practice.
- **Environment:** Use the trigger in a safe and controlled environment, away from distractions and potential hazards.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather all necessary tools for installation, including a file for adjusting the overtravel stop.

2. Installation:

- Remove the existing trigger from your 1911 by following the manufacturer's instructions.
- Install the Harrison Design Flat Face Trigger by aligning it with the trigger mechanism. Ensure it fits securely.
- Adjust the overtravel stop by filing the end of the screw as needed. Test the trigger after each adjustment until the desired overtravel is achieved.

3. Testing:

- After installation, test the trigger in a safe environment to ensure proper function.
- Check that the trigger operates smoothly and that the overtravel stop is correctly set.

4. Routine Maintenance:

- Regularly clean and maintain the trigger and firearm to ensure optimal performance.
- Periodically check the trigger for any signs of wear or damage.

Disposal Instructions

- Dispose of any defective or wornout components according to local regulations.
- Do not dispose of the trigger in regular household waste. Instead, take it to a designated waste disposal facility for hazardous materials if necessary.

Contact Information for Further Support

For any safety inquiries or concerns regarding the 1911 Extreme Service Flat Face Trigger, please refer to the manufacturer's contact information provided with your product.

This guide is designed to ensure your safety while using the 1911 Extreme Service Flat Face Trigger. Always prioritize safety and responsible firearm handling. For additional information, please consult a qualified gunsmith or the manufacturer.
