The Minigater features a larger base than the Original approximately 6" x 10". When filled with heavy sand, it weighs in somewhere between 13 and 16 lbs. A much longer earbase is stitched to the top of the Mini for smoother tracking, especially when shooting free recoil. The same reinforced sides and donut base are used in this bag as in the Original. EDGE model includes the following upgrades: Extra rigid, super flat bag base made with a unique material resists deformation over time ""Overlay Ears"" - Whether you choose slick material or cordura, a durable layer of leather is added underneath the material which contributes to consistency in shape and performance as well as extreme longevity and resistance to wear. Flatter ear space means the riding surface at the base of the ears has been redesigned to practically eliminate inconsistencies in the transition between the riding surface and the ear base. This remedies any potential drag or grabbing and increases longevity by removing an inherent wear point. Reinforced ear base isolates the ear set from the shape of the bag, contributing to consistency in the contact surface and ear spread. Embroidered cordura tops showcase our brand new logo and highlight the evolution of our designs.

## Introduction

Thank you for choosing the EDGE BAG MINIGATER WITH GRAB HANDLE from EDGEWOOD SHOOTING BAGS. This product is designed for stability and performance in shooting applications. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always inspect the bag for any signs of damage before use.
- Keep the bag out of reach of children and vulnerable individuals.
- Do not use the bag if it has been damaged or shows signs of wear.
- Be aware of your surroundings and ensure that the shooting area is safe and secure.
- Follow all local laws and regulations regarding shooting and firearm safety.

## Specific Safety Precautions for Use

- Use the bag on a stable and flat surface to prevent tipping.
- Ensure the bag is filled with the appropriate material (heavy sand) as specified in the product description.
- Avoid overfilling the bag to maintain its intended weight and shape.
- When adjusting the bag during use, do so carefully to prevent accidental movement of firearms.
- Always handle firearms safely and responsibly, adhering to standard firearm safety practices.

## Instructions for Installation and Usage

### 1. Filling the Bag:

- Fill the EDGE BAG MINIGATER with heavy sand until it reaches the desired weight (between 13 and 16 lbs).
- Ensure the filling material is securely contained within the bag to prevent spillage.

### 2. Positioning the Bag:

- Place the filled bag on a stable surface where you intend to shoot.
- Adjust the position of the bag to ensure it provides the desired support for your shooting posture.

### 3. Using the Bag:

- Rest your firearm on the bag, ensuring it is stable and secure.
- Utilize the longer earbase for smoother tracking and improved accuracy during shooting.
- Maintain a proper shooting stance and be aware of your surroundings while using the bag.

### 4. PostUse Care:

- After use, remove any debris or dirt from the bag to maintain its integrity.
- Store the bag in a dry place away from direct sunlight to prevent material degradation.

## Disposal Instructions

- Dispose of the bag responsibly, following local waste management guidelines.

- If the bag is damaged beyond repair, consider recycling materials where possible.
- Ensure that any filling material is disposed of in accordance with local regulations.
