UNIVERSAL CLEANING KIT WITH ALUMINUM CLEANING ROD Safety Instructions

Introduction

Thank you for choosing the Universal Cleaning Kit with Aluminum Cleaning Rod by Outers. This product is designed to assist you in maintaining the cleanliness and performance of your firearms. Please read this safety instruction guide carefully to ensure safe usage and compliance with EU safety regulations.

General Safety Guidelines

- Always read and understand all instructions before using the cleaning kit.
- Keep the cleaning kit out of reach of children and vulnerable individuals.
- Use the cleaning kit only for its intended purpose, which is to clean firearms.
- Regularly inspect the cleaning kit for wear or damage. Do not use damaged components.
- Store the cleaning kit in a cool, dry place away from direct sunlight and heat sources.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

• Hazard Identification:

- The cleaning solvents and oils included in the kit may be harmful if ingested or if they come into contact with skin or eyes.
- Some components, such as the cleaning rod and jags, may have sharp edges and can cause injury if not handled properly.

• Avoiding Hazards:

- Always wear protective gloves and eyewear when using cleaning solvents and oils.
- Do not eat, drink, or smoke while using the cleaning kit.
- Ensure that the firearm is unloaded and pointed in a safe direction before beginning the cleaning process.
- Do not use the cleaning kit near open flames or high heat sources.

• AgeSpecific Warnings:

- This product is not intended for use by individuals under the age of 18 without adult supervision.
- Ensure that minors are closely supervised when using any components of the cleaning kit.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is unloaded and in a safe condition before beginning any cleaning process.
- Gather all components of the cleaning kit in a welllit and ventilated area.

2. Using the Cleaning Rod:

- Select the appropriate cleaning rod and jag for your firearm caliber.
- Attach the jag securely to the cleaning rod.
- Insert the cleaning patch into the jag and apply a small amount of cleaning solvent.

3. Cleaning Process:

- Insert the cleaning rod into the firearm barrel from the breech end (if applicable).
- Gently push the cleaning rod through the barrel and pull it back out, repeating as necessary.
- Use the bronze brushes for scrubbing any stubborn fouling in the barrel.

4. Finishing Up:

- After cleaning, apply a small amount of gun oil to protect the firearm from rust and corrosion.
- Wipe down any excess oil with a clean cloth.

5. PostUse Care:

- Clean all components of the cleaning kit after use.
- Store the cleaning kit in its designated storage place to prevent damage.

Disposal Instructions

- Dispose of used cleaning patches and any contaminated materials in accordance with local regulations.
- Do not pour cleaning solvents or oils down the drain or dispose of them in regular trash.
- Check local guidelines for hazardous waste disposal if necessary.

Contact Information for Further Support

For any questions or concerns regarding the usage or safety of the Universal Cleaning Kit with Aluminum Cleaning Rod, please contact the manufacturer or refer to the product packaging for further support information.

Thank you for choosing the Universal Cleaning Kit with Aluminum Cleaning Rod. Your safety is our priority!
