# UNIVERSAL CLEANING KIT SAFETY INSTRUCTIONS

## Introduction

Thank you for purchasing the Universal Cleaning Kit with Aluminum Cleaning Rod by Outers. This kit is designed to help you maintain your firearms safely and effectively. Please read this safety instruction guide carefully to ensure the safe use of the product and to understand your rights under the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always handle firearms with care and ensure they are unloaded before cleaning.
- Keep cleaning products and tools out of reach of children and pets.
- Use the cleaning kit only for its intended purpose as described in the product manual.
- Store the cleaning kit in a cool, dry place away from direct sunlight.
- Be aware of any allergies or sensitivities to cleaning solvents and materials.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The cleaning solvents included in the kit may be harmful if inhaled or ingested.
  - The cleaning rod and jags can cause injury if mishandled.
  - Ensure that the cleaning area is wellventilated when using solvents.
- **Avoiding Hazards:**
  - Do not use the cleaning kit near open flames or heat sources.
  - Always wear protective gloves and eyewear when handling solvents and brushes.
  - Follow the instructions provided for the proper use of each component in the kit.

## Instructions for Installation and Usage

- **Assembling the Cleaning Rod:**
  - Select the appropriate length of the cleaning rod for your firearm.
  - Attach the slotted patch loop or jag securely to the end of the rod.
- **Using the Cleaning Kit:**
  - Apply a small amount of Nitro Solvent to a microfiber absorbent patch.
  - Insert the patch into the slotted patch loop and run it through the barrel of the firearm.
  - Repeat the process until the barrel is clean.
  - Use the bronze brushes as needed for stubborn fouling.
  - After cleaning, apply a small amount of Gun Oil to protect the firearm from rust.
- **Cleaning and Maintenance of the Kit:**
  - Clean the brushes and patches after use and store them in the provided box.
  - Dispose of used patches and any residual solvents in accordance with local regulations.

## Disposal Instructions

- Dispose of any unused or expired cleaning solvents according to local hazardous waste regulations.
- Recycle packaging materials where possible.

## Contact Information for Further Support

For any questions or concerns regarding the Universal Cleaning Kit, please refer to the contact information provided in the product packaging or documentation.

Please ensure that you follow these safety instructions to enjoy a safe and effective cleaning experience with

your Universal Cleaning Kit. Remember to stay informed about any product recalls or safety updates via the EU's Safety Gate platform.
