

SIX-HOLE PICATINNY RINGS - WEAVER 30MM SIX-HOLE PICATINNY RINGS, HIGH

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

SIX-HOLE PICATINNY RINGS Weaver's popular Six Hole Tactical Rings just got the Picatinny treatment. These new rings feature the same six screws for max security and clamping pressure but get serious upgrades for LE and military use. An improved Picatinny crossbolt design (from Weaver to Picatinny spec), Type III hard coat anodized finish, no strip/slip Torx screws and an increased number of height options make these new 6-hole rings the go-to mounts for all Tactical Precision rifles. Curious about ring height? See the dimensions in specifications on this page, or visit the reference chart here. FEATURES Improved crossbolt from Weaver to Picatinny spec Type-III hard coat anodized finished No-strip Torx screws and skeletonized design

Safety Instruction Guide for SIXHOLE PICATINNY RINGS WEAVER 30MM

Introduction

Thank you for choosing the SIXHOLE PICATINNY RINGS by Weaver. These tactical rings are designed for highperformance use in various applications, including military and law enforcement. This safety instruction guide provides essential information to ensure the safe use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the installation instructions carefully to avoid accidents.
- Regularly inspect the rings for signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about any recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure that the mounting surface is clean and free of debris before installation.
- **Screw Tightness:** Do not overtighten screws; refer to the recommended torque specifications provided in the installation instructions.
- **Compatibility:** Verify that the rings are compatible with your scope and rifle before use.
- **Environmental Considerations:** Avoid exposing the rings to extreme temperatures or harsh environmental conditions that may affect performance.

Instructions for Installation and Usage

1. **Gather Necessary Tools:** You will need a Torx screwdriver suitable for the nostrip screws provided.
2. **Prepare the Mounting Surface:**
 - Clean the surface where the rings will be mounted.
 - Ensure that the scope tube and rifle are free from any obstruction.
3. **Installation Steps:**
 - Position the rings on the Picatinny rail according to your desired height and alignment.
 - Insert the screws into the crossbolts and handtighten them to ensure proper alignment.
 - Using the Torx screwdriver, tighten the screws to the manufacturer's recommended torque specifications. Ensure that the screws are secure but not overtightened.
4. **Scope Mounting:**
 - Place your scope into the rings and adjust it to your preferred eye relief.
 - Tighten the ring screws to secure the scope in place.
5. **Final Inspection:**
 - Doublecheck all screws for tightness.
 - Ensure that the scope is securely mounted and aligned.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options for metal components where available.

Contact Information for Further Support

For any inquiries regarding product safety or installation assistance, please refer to the manufacturer's website or contact their customer service.

Thank you for your attention to these safety guidelines. Your safety and the performance of your equipment are our top priorities.
