

# AUS OPTIC MOUNT - REPTILIA CORP 30MM 1.54" 0 MOA AUS OPTIC MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The AUS Mount for magnified optics, from Reptilia. Driven by the request of an end user group, the AUS Mount is the culmination of a 2 year development program. Like their DOT Mount line the AUS Mount attaches to any M1913 Picatinny rail via an anti-snag spring-loaded nitrided steel clamp and custom bolt mounting system which can be tightened with either a 5/32 hex or a flat blade driver to sit flush with the body of the mount for a low-profile, streamline design. Also like their DOT Mount line, the AUS mount is machined from a single piece of billet 7075-T6 aluminum and is finished with MIL-STD Type III, Class 2, hard anodize coating. The AUS is compatible with all of Reptilia's existing ROF line. Like all Reptilia products, the AUS Mount is 100% made in the USA and carries a full lifetime warranty against manufacturer defects.

## Attributes

- Name: [REPTILIA CORP 30MM 1.54" 0 MOA AUS OPTIC MOUNT BLACK](#)
- Manufacturer: [REPTILIA CORP](#)
- Product no.: 100047199

# AUS Optic Mount Safety Instruction Guide

## Introduction

Thank you for choosing the AUS Optic Mount from Reptilia Corp. This guide provides essential safety instructions and information to ensure the safe use and installation of your product. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure the product is suitable for your specific optic and firearm application.
- Always follow the manufacturer's instructions for use and installation.
- Inspect the mount regularly for signs of wear or damage.
- Keep this product out of reach of children and unauthorized users.
- Report any unsafe conditions or defects to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only with compatible optics and firearms as specified by the manufacturer.
- Check that the mount is securely attached to the Picatinny rail before each use.
- Avoid overtightening the mounting screws, as this may damage the mount or the optic.
- Do not modify the mount or use it in ways not intended by the manufacturer.
- Always wear appropriate eye protection when using firearms.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Select a suitable location on the M1913 Picatinny rail for mounting.
- Align the AUS Mount with the rail and press down firmly.
- Use a 5/32 hex wrench or flat blade driver to tighten the custom bolt until flush with the mount body. Do not overtighten.
- Confirm that the mount is securely attached and does not move.

### 2. Usage

- After installation, check the alignment of your optic and make necessary adjustments.
- Regularly inspect the mount for tightness and any signs of wear or damage.
- Store the firearm and mount in a secure place when not in use.

## Disposal Instructions

- Dispose of the AUS Optic Mount in accordance with local regulations.
- Do not dispose of the mount in household waste. Instead, take it to a designated recycling facility if available.
- Ensure that all components are disposed of safely to prevent environmental harm.

## Contact Information for Further Support

For further support, please refer to the manufacturer's website or contact your local retailer. Ensure you have the product details ready for any inquiries.

## Conclusion

By following these guidelines, you can ensure the safe use and longevity of your AUS Optic Mount. Always prioritize safety and adhere to local regulations regarding firearm and accessory usage. Thank you for your attention to these important safety instructions.
