

AUS OPTIC MOUNT - REPTILIA CORP 34MM 1.54" 0 MOA AUS OPTIC MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The AUS Mount for magnified optics, from Reptilia. Driven by the request of an end user group, the AUS Mount is the culmination of a 2 year development program. Like their DOT Mount line the AUS Mount attaches to any M1913 Picatinny rail via an anti-snag spring-loaded nitrided steel clamp and custom bolt mounting system which can be tightened with either a 5/32 hex or a flat blade driver to sit flush with the body of the mount for a low-profile, streamline design. Also like their DOT Mount line, the AUS mount is machined from a single piece of billet 7075-T6 aluminum and is finished with MIL-STD Type III, Class 2, hard anodize coating. The AUS is compatible with all of Reptilia's existing ROF line. Like all Reptilia products, the AUS Mount is 100% made in the USA and carries a full lifetime warranty against manufacturer defects.

Attributes

- Name: [REPTILIA CORP 34MM 1.54" 0 MOA AUS OPTIC MOUNT BLACK](#)
- Manufacturer: [REPTILIA CORP](#)
- Product no.: 100047201

AUS Optic Mount Safety Instruction Guide

Introduction

Thank you for choosing the AUS Optic Mount by Reptilia Corp. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read all sections carefully before installation and usage.

General Safety Guidelines

- Ensure the AUS Optic Mount is used only as intended, for mounting magnified optics on firearms.
- Always inspect the mount for any visible damage or defects before use.
- Keep the mount out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding the use of firearms and firearm accessories.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only compatible optics with a 34mm scope tube diameter.
- Ensure the mount is securely attached to the M1913 Picatinny rail before use.
- Do not exceed the manufacturer's recommended weight limits for optics mounted on the AUS Optic Mount.
- Avoid using the mount in extreme environmental conditions that may affect its performance.
- Regularly check the tightness of the mount to ensure it remains secure during use.

Instructions for Installation and Usage

1. Installation:

- Gather the necessary tools: a 5/32 hex driver or a flat blade driver.
- Position the AUS Optic Mount on the desired location of the M1913 Picatinny rail.
- Use the antisnag springloaded nitrided steel clamp to secure the mount.
- Tighten the custom bolt using the appropriate tool until flush with the mount body for a lowprofile design.
- Doublecheck that the mount is secure and does not move.

2. Usage:

- Once installed, carefully attach your 34mm optic to the mount.
- Ensure that the optic is properly aligned and securely fastened.
- Before firing, perform a function check to confirm that the mount and optic are stable.
- Always handle firearms safely and responsibly, following all safety protocols.

Disposal Instructions

- Dispose of the AUS Optic Mount in accordance with local regulations for metal and electronic waste.
- Do not dispose of the mount in regular household waste.
- If the mount is damaged and no longer usable, consider recycling the materials where possible.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product support, please reach out to the designated EU

contact point provided with your product packaging.

Thank you for your attention to these safety guidelines. Enjoy using your AUS Optic Mount safely and responsibly!
