

ROF-90 TRIJICON RMR/SRO MOUNT - REPTILIA CORP ROF-90 30MM GEISSELE SUPER PRECISION MOUNT & RMR/SRO FDE

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

The Reptilia ROF-90 is a drop-in upgrade for magnified scope mounts. Available initially Geissele Automatics' Super Precision optic mount, it adds a 90° mounting point for a Trijicon RMR to provide a fast, close-range optic to your magnified scope. Each ROF model is designed to minimize each optic's distance from the host scope's centerline, while ensuring enough clearance that the sight picture isn't obscured. Compatible with: Trijicon® - RMR & SRO Holosun® Technologies - HS407, HE407, HS507, HE507, & HE508 Series

Reptilia ROF90 Trijicon RMR/SRO Mount Safety Instructions

Introduction

Thank you for choosing the Reptilia ROF90 Trijicon RMR/SRO Mount. This product is designed to enhance your magnified scope experience by providing a secure and efficient way to mount your Trijicon RMR or SRO optic. To ensure your safety and the proper functioning of the mount, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure safe use of the mount according to the provided instructions.
- Regularly check for any signs of wear or damage to the mount.
- Always use the mount in accordance with the specifications provided by the manufacturer.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product conditions to the appropriate authorities.
- Stay informed about any recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the mount with compatible optics, specifically Trijicon RMR and SRO models, as well as Holosun HS407, HE407, HS507, HE507, and HE508 series.
- Ensure that the mount is securely attached before use to avoid accidents.
- Avoid using the mount in extreme conditions that may compromise its integrity, such as excessive heat or moisture.
- Do not attempt to modify or disassemble the mount, as this may lead to safety hazards.
- Always check that the sight picture is clear and unobstructed before engaging in any shooting activities.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools for installation.
- Ensure the mounting area is clean and free from debris.

2. Installation Steps

- Align the ROF90 mount with the mounting points on your magnified scope.
- Secure the mount using the provided screws, ensuring they are tightened to the manufacturer's specifications.
- Attach your Trijicon RMR or SRO optic to the mount, ensuring it is properly aligned.
- Doublecheck all screws and connections to confirm they are secure.

3. Usage

- Before each use, inspect the mount and optic for any signs of damage or looseness.
- Adjust the optic as necessary, ensuring it provides a clear sight picture.
- Practice safe handling and shooting techniques at all times.

Disposal Instructions

- Dispose of the mount in accordance with local regulations regarding electronic and mechanical waste.
- Do not dispose of the mount in household waste. Instead, take it to a designated recycling center or waste collection point.

Contact Information for Further Support

For any inquiries regarding safety or product concerns, please refer to the manufacturer's website or contact their customer support team directly.

Thank you for prioritizing safety while using the Reptilia ROF90 Trijicon RMR/SRO Mount. Your adherence to these guidelines helps ensure a safe and enjoyable experience.
