

ROF-45 TRIJICON RMR/SRO MOUNT - REPTILIA CORP 30MM TRIJICON RMR MOUNT, FDE

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

The Reptilia ROF-45 is a drop-in upgrade for magnified scope mounts. Available for the Geissele Automatics Super Precision optic mount, it adds a 90° mounting point for a Trijicon RMR to provide a fast, close-range optic to your magnified scope. Each ROF model is designed to minimize each optic's distance from the host scope's centerline, while ensuring enough clearance that the sight picture isn't obscured. Compatible with: Trijicon® - RMR & SRO Holosun® Technologies - HS407, HE407, HS507, HE507, & HE508 Series

ROF45 Trijicon RMR/SRO Mount Safety Instruction Guide

Introduction

Thank you for choosing the ROF45 Trijicon RMR/SRO Mount by Reptilia Corp. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always inspect the mount for any signs of damage or wear before installation and use.
- Keep the mount out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding the use of firearms and optics.
- Report any unsafe products or incidents to the relevant authorities promptly.
- Stay informed about product recalls and safety updates via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the recommended weight limit for the mount to avoid failure.
- Ensure that all screws and fasteners are tightened to the manufacturer's specifications.
- Avoid using the mount in extreme environmental conditions that could compromise its integrity.
- Do not modify or alter the mount in any way, as this may affect its performance and safety.
- Always use appropriate protective eyewear when using firearms equipped with optics.

Instructions for Installation and Usage

Installation Instructions

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that the work area is clean and free from distractions.

2. Mounting Process:

- Remove the existing scope mount from your firearm if applicable.
- Align the ROF45 mount with the mounting points on your firearm.
- Secure the mount using the provided screws, ensuring they are tightened to the specified torque settings.
- Attach the Trijicon RMR or SRO optic to the designated mounting point on the ROF45 mount.
- Doublecheck all connections and ensure that the optic is securely mounted.

3. Final Inspection:

- Conduct a final inspection to ensure that all components are securely attached and functioning correctly.

Usage Instructions

- Always check the zero of your optic after installation to ensure accuracy.
- Familiarize yourself with the operation of the Trijicon RMR or SRO before use.
- Practice safe firearm handling at all times, including keeping the firearm pointed in a safe direction.

Disposal Instructions

- Dispose of the mount and any packaging materials in accordance with local regulations.
- Do not dispose of the mount in household waste. Instead, consider recycling options or designated disposal facilities.

Contact Information for Further Support

For any questions or concerns regarding the ROF45 Trijicon RMR/SRO Mount, please reach out to the appropriate support channels provided by the manufacturer or retailer.
