

ROF-SAR FOR LEUPOLD DELTAPPOINT PRO - REPTILIA CORP ROF-SAR 30MM FOR LEUPOLD DELTA POINT PRO BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

The Reptilia ROF SAR is a drop-in upgrade for magnified scopes with an objective diameter of 33mm or less. Available initially to fit 30mm scope tubes, it adds a mounting point for a Leupold Delta Point Pro® to provide a fast, close-range option to your magnified scope. The ROF-SAR can easily position the reflex optic at 90°, 45°, or any angle the user prefers. The ROF Riser can be added if additional height is needed to clear a host scope's turrets.

ROFSAR for Leupold DeltaPoint Pro Safety Instructions

Introduction

Thank you for choosing the Reptilia ROFSAR for your Leupold DeltaPoint Pro. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this manual carefully before installation and usage.

General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Inspect the product for any signs of damage before use. Do not use if damaged.
- Keep this product out of reach of children and vulnerable individuals.
- Do not modify the product in any way that could compromise its safety or functionality.
- Use the product only for its intended purpose as described in this manual.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the mounting surface is clean and free of debris before installation.
- Verify that the scope and reflex optic are securely mounted to prevent any accidents during use.
- Avoid using the product in extreme environmental conditions that could affect its performance.
- Regularly check the tightness of all mounting screws and components to ensure safety during use.
- If using the ROF Riser for additional height, ensure it is properly secured to prevent slippage.

Instructions for Installation and Usage

1. Installation of the ROFSAR:

- Begin by ensuring that your magnified scope is properly mounted on your firearm.
- Remove any existing mounts that may interfere with the installation of the ROFSAR.
- Align the ROFSAR with your 30mm scope tube and ensure it fits snugly.
- Secure the ROFSAR using the provided mounting screws. Tighten to the manufacturer's specified torque settings.

2. Mounting the Leupold DeltaPoint Pro:

- Once the ROFSAR is securely installed, position the Leupold DeltaPoint Pro optic on the designated mounting point.
- Adjust the angle of the reflex optic to your preference (90°, 45°, or other angles).
- Tighten the mounting screws to secure the DeltaPoint Pro in place.

3. Using the ROFSAR:

- Familiarize yourself with the operation of both the magnified scope and the reflex optic before use.
- Practice aiming and shooting with the combined setup in a safe and controlled environment.
- Always prioritize safety and follow all local laws and regulations regarding firearm usage.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- When the product reaches the end of its life, dispose of it in accordance with local regulations. Do not

throw it in regular household waste.

- If the product is damaged beyond repair, ensure it is disposed of in a manner that prevents any potential hazards to the environment.

Contact Information for Further Support

For any inquiries or support regarding the ROFSAR, please refer to the manufacturer's contact information provided on the packaging or through their official website.

Thank you for your attention to these safety instructions. Enjoy the enhanced functionality of your Leupold DeltaPoint Pro with the Reptilia ROFSAR!
