

# ROF-SAR FOR LEUPOLD DELTAPOINT PRO - REPTILIA CORP ROF-SAR 30MM FOR LEUPOLD DELTA POINT PRO FDE

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

The Reptilia ROF SAR is a drop-in upgrade for magnified scopes with an objective diameter of 33mm or less. Available initially to fit 30mm scope tubes, it adds a mounting point for a Leupold Delta Point Pro® to provide a fast, close-range option to your magnified scope. The ROF-SAR can easily position the reflex optic at 90°, 45°, or any angle the user prefers. The ROF Riser can be added if additional height is needed to clear a host scope's turrets.

## Attributes

- Name: [REPTILIA CORP ROF-SAR 30MM FOR LEUPOLD DELTA POINT PRO FDE](#)

# Safety Instruction Guide for ROFSAR for Leupold DeltaPoint Pro

## Introduction

Thank you for choosing the Reptilia ROFSAR for your Leupold DeltaPoint Pro. This guide provides essential safety instructions and information to ensure the safe use and installation of the product. Please read this guide carefully before use to maximize safety and performance.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Regularly inspect the product for any signs of damage or wear. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all local regulations regarding the use and installation of firearm accessories.
- In case of any issues or concerns, contact the manufacturer for assistance.

## Specific Safety Precautions for Use

### • Installation Safety:

- Use appropriate tools when installing the ROFSAR to avoid injury.
- Ensure that the mounting surface is clean and free from debris before installation.

### • Usage Safety:

- Always ensure that the firearm is unloaded before attaching or adjusting the ROFSAR.
- Do not modify the ROFSAR or attempt to use it for any purpose other than intended.

### • Height Adjustment:

- If using the ROF Riser for additional height, ensure it is securely attached before use.

### • Optic Positioning:

- When positioning the reflex optic, ensure it is securely fastened at the desired angle to prevent movement during use.

## Instructions for Installation and Usage

### 1. Unboxing:

- Carefully remove the ROFSAR from the packaging. Check for all components as per the included parts list.

### 2. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Select the appropriate mounting location on your magnified scope.
- Align the ROFSAR with the scope tube and secure it using the provided screws. Ensure all screws are tightened properly to prevent slippage.

### 3. Optic Attachment:

- Position the Leupold DeltaPoint Pro onto the ROFSAR at the desired angle (90°, 45°, or other).
- Secure the optic tightly according to the manufacturer's instructions.

#### **4. Final Checks:**

- After installation, doublecheck all connections to ensure everything is secure.
- Test the setup in a safe environment to ensure proper function before actual use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding electronic waste and firearm accessories.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the ROFSAR, please reach out to the manufacturer. Ensure you have the product details available when contacting for support.

Thank you for your attention to these safety instructions. Your safety and the effective use of the ROFSAR are our top priorities.
