

ROF RISER FOR TRIJICON RMR/SRO - REPTILIA CORP ROF RISER 2.5MM FOR TRIJICON RMR/SRO BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

The Reptilia ROF Riser is an add-on plate for their ROF line. It moves the mounted red dot sight 2.5mm OR 10mm further from the host scope's centerline, providing extra clearance for tall turrets or larger-belled scope bodies. It's available initially for the Trijicon RMR and will include longer flat head 6-32 screws to mount a RMR. Compatible with: Trijicon® - RMR & SRO
Holosun® Technologies - HS407, HE407, HS507, HE507, & HE508 Series

Safety Instruction Guide for ROF Riser for Trijicon RMR/SRO

Introduction

Thank you for choosing the Reptilia ROF Riser for your Trijicon RMR/SRO. This product is designed to enhance your shooting experience by providing additional clearance for your red dot sight. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always ensure that the ROF Riser is compatible with your specific red dot sight and firearm model.
- Inspect the product before each use for any signs of damage or wear.
- Ensure that all mounting screws are tightened securely before use.
- Use the product only for its intended purpose as outlined in this guide.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe conditions or product malfunctions to the appropriate authorities.

Specific Safety Precautions for Use

- Handle the ROF Riser with care to avoid dropping or damaging it.
- Do not modify the ROF Riser in any way, as this may compromise its safety and functionality.
- Ensure that the red dot sight is properly mounted and adjusted to your personal shooting preferences.
- Always follow the manufacturer's instructions for the red dot sight and firearm being used.
- Be aware of your surroundings and ensure that you are in a safe environment when using firearms.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a flat head screwdriver and the provided longer flat head 632 screws.
- Ensure that your firearm is unloaded and in a safe condition before beginning installation.

2. Installation:

- Remove the existing red dot sight from your firearm.
- Align the ROF Riser with the mounting interface on your firearm.
- Use the longer flat head 632 screws to attach the ROF Riser securely to the firearm.
- Ensure that the screws are tightened to the manufacturer's specifications.

3. Mounting the Red Dot Sight:

- Place your Trijicon RMR or SRO onto the ROF Riser.
- Align the sight according to your preferred shooting position.
- Securely tighten the mounting screws to hold the red dot sight in place.

4. Final Checks:

- Doublecheck that all screws are tightened and that the ROF Riser and red dot sight are securely mounted.
- Perform a function check to ensure that the sight operates correctly.

5. Usage:

- Once installed, use the ROF Riser as intended during your shooting activities.
- Always remain vigilant and follow safe firearm handling practices.

Disposal Instructions

- Dispose of the ROF Riser in accordance with local regulations for electronic waste and metal products.
- If the product is damaged or no longer usable, ensure it is disposed of in a way that prevents harm to the environment.

Contact Information for Further Support

For any inquiries regarding the ROF Riser, please refer to the manufacturer's website or contact their support team. Ensure you have your product details on hand for a more efficient response.

By following these safety instructions, you will help ensure a safe and enjoyable experience with your Reptilia ROF Riser. Thank you for your attention to these important guidelines.
