

# ROF RISER FOR TRIJICON RMR/SRO - REPTILIA CORP ROF RISER 2.5MM FOR TRIJICON RMR/SRO FDE

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

The Reptilia ROF Riser is an add-on plate for their ROF line. It moves the mounted red dot sight 2.5mm OR 10mm further from the host scope's centerline, providing extra clearance for tall turrets or larger-belled scope bodies. It's available initially for the Trijicon RMR and will include longer flat head 6-32 screws to mount a RMR. Compatible with: Trijicon® - RMR & SRO  
Holosun® Technologies - HS407, HE407, HS507, HE507, & HE508 Series

# Safety Instruction Guide for the ROF Riser for Trijicon RMR/SRO

## Introduction

Congratulations on your purchase of the Reptilia ROF Riser for Trijicon RMR/SRO. This product is designed to enhance your shooting experience by providing additional clearance for tall turrets or larger belled scope bodies. It is important to follow the safety guidelines and instructions provided in this manual to ensure safe and effective use.

## General Safety Guidelines

- Ensure that the ROF Riser is compatible with your specific red dot sight and host scope before installation.
- Always inspect the product for any signs of damage or wear before each use.
- Keep the ROF Riser and all related components out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding the use of firearm accessories.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform to ensure your product is safe.

## Specific Safety Precautions for Use

- Do not exceed the manufacturer's recommended specifications for mounting and usage.
- Avoid using the ROF Riser in extreme weather conditions that may affect its performance.
- Be cautious when handling tools during installation to prevent personal injury.
- Ensure that the red dot sight is securely mounted to the ROF Riser before use.
- Do not modify the ROF Riser or any of its components, as this may compromise safety.

## Instructions for Installation and Usage

### 1. Installation Steps:

- Gather all necessary tools, including a flathead screwdriver and the included flat head 632 screws.
- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing mounting plate from your Trijicon RMR or SRO.
- Align the ROF Riser with the mounting holes on the host scope.
- Secure the ROF Riser using the longer flat head 632 screws provided. Ensure they are tightened to the manufacturer's specifications.
- Mount your Trijicon RMR or SRO onto the ROF Riser, ensuring it is properly aligned.
- Tighten the screws to secure the red dot sight to the ROF Riser.

### 2. Usage Instructions:

- After installation, perform a function check to ensure the red dot sight operates correctly.
- Adjust the sight as necessary for optimal performance.
- Regularly inspect the mounting screws for tightness before each use.

## Disposal Instructions

- Dispose of the ROF Riser and its packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any inquiries or support regarding the ROF Riser, please refer to the manufacturer's website or contact their customer service department.

By following these guidelines and instructions, you can ensure the safe and effective use of your Reptilia ROF Riser for Trijicon RMR/SRO. Thank you for choosing our product, and we wish you a safe and enjoyable shooting experience.
