

COSINE INDICATOR - SNIPER TOOLS DESIGN CO. MILSPEC COSINE INDICATOR, LEFT HAND

[Shooting Accessories](#) > [Range Gear](#) > [Cosine Indicators](#)

Improves Accuracy When Shooting Up Or Down Hill

Precision-machined, aircraft-grade aluminum instrument eliminates guesswork when adjusting your scope to fire at elevated, or very low targets. The orange needle moves with your rifle and displays a number that indicates the percent your rifle is off level. Multiply the indicated percent by the target distance to easily calculate the adjusted distance for gravity. Dovetailed bottom fits onto the aluminum mount (listed separately) which fits Picatinny and Weaver-style rails. Or, mount an extra Weaver-style ring on your scope tube and clamp the Indicator in the ring's dovetail. Ring not included. Lets you keep your face on the cheekpiece and see the Indicator. Mil-Spec version is waterproof for 35 minutes and 1 meter of water.

Safety Instruction Guide for COSINE INDICATOR SNIPER TOOLS DESIGN CO. MILSPEC COSINE INDICATOR, LEFT HAND

Introduction

Thank you for choosing the COSINE INDICATOR SNIPER TOOLS DESIGN CO. MILSPEC COSINE INDICATOR, LEFT HAND. This precision instrument is designed to enhance your shooting experience by providing accurate measurements when adjusting your scope for elevated or low targets. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure safe handling and usage of the product.
- Always follow the manufacturer's instructions and guidelines.
- Be aware of potential hazards associated with the product.
- Regularly check for product recalls or safety updates.
- Report any unsafe products or accidents to local authorities.

Specific Safety Precautions for Use

- **Avoid Water Exposure:** Although the MilSpec version is waterproof for 35 minutes and 1 meter, avoid prolonged exposure to water.
- **Proper Handling:** Handle the indicator with care to prevent damage. Avoid dropping or striking the instrument against hard surfaces.
- **Installation Safety:** Ensure that the indicator is securely mounted to prevent it from detaching during use.
- **Target Awareness:** Always be aware of your surroundings and ensure that you are in a safe shooting environment.
- **Use with Compatible Equipment:** Only use the cosine indicator with compatible scopes and mounts to ensure accurate readings and safe operation.

Instructions for Installation and Usage

1. Mounting the Indicator:

- Use the dovetailed bottom of the cosine indicator to fit onto the aluminum mount (sold separately) that is compatible with Picatinny and Weaverstyle rails.
- Alternatively, you can mount an extra Weaverstyle ring on your scope tube and clamp the indicator in the ring's dovetail. Note that the ring is not included.

2. Using the Indicator:

- Ensure your face remains on the cheekpiece while viewing the indicator for accurate readings.
- Observe the orange needle, which moves in conjunction with your rifle to display the percentage your rifle is off level.
- Multiply the indicated percentage by the target distance to calculate the adjusted distance for gravity.

3. PostUse Care:

- After use, inspect the indicator for any signs of damage or wear.

- Clean the indicator with a soft, dry cloth to maintain its condition.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the indicator in general waste.
- Consider recycling options for the aluminum material where available.

Contact Information for Further Support

For any safety inquiries or concerns regarding the COSINE INDICATOR SNIPER TOOLS DESIGN CO. MILSPEC COSINE INDICATOR, LEFT HAND, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for prioritizing safety and responsible usage. Enjoy your shooting experience with the COSINE INDICATOR!
