

HELLFIRE MATCH MUZZLE BRAKE - AREA 419 6.5MM (25-6.5MM)

HELLFIRE MATCH BRAKE, BLACK

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Softer, Flatter, No Extra Blast. With the original, and best-selling Hellfire release in 2016 we packed everything we knew about making a good muzzle brake into one design. Now, years later, we went back to the drawing board with a deeper understanding of what a brake can and should do, and how it can make a rifle as manageable as possible as the bullet exits. Introducing the Hellfire Match. This 4-port design isn't simply stacking more of the same design on the end, it's a complete redesign with each port being different. Different length ports, different angle ports, and different height port optimizes each one to provide an ideal function based on the pressure and volume of gas being acted on at its position. This results in optimal recoil management, optimal muzzle rise control, and imparts no extra sound pressure at the shooter position. Using our patented Hellfire Self-Timing system, this brake uses the same Hellfire Universal Adapters that have been in our lineup for years, and can integrate with your Suppressor Mounts, Hellfire, Hellfire 2P and Linear Flash Suppressor. While this will be the new flagship brake, it is very much a part of our super popular Hellfire family.

Attributes

- Name: [AREA 419 6.5MM \(25-6.5MM\) HELLFIRE MATCH BRAKE, BLACK](#)
- Manufacturer: [AREA 419](#)
- Product no.: 100047596
- Mfr. No.: 419HFMAT-6.5-58
- Caliber: 265/6.5 mm (.265)
- Finish: Black Nitride
- Material: Stainless Steel
- Threads: 5/8-24
- Delivery weight: 0.227kg
- Shipping height: 51mm
- Shipping width: 76mm
- Shipping length: 152mm
- UPC: 810080180659

HELLFIRE MATCH MUZZLE BRAKE SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the HELLFIRE MATCH MUZZLE BRAKE. This product is designed to enhance your shooting experience by providing optimal recoil management and muzzle rise control. It is essential to follow the safety instructions provided in this guide to ensure safe and effective use of the muzzle brake.

General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding the use of muzzle brakes and firearms.
- Always handle firearms with care and treat them as if they are loaded.
- Use appropriate personal protective equipment (PPE), including eye and ear protection, when shooting.
- Keep the muzzle brake and firearm clean and wellmaintained to ensure proper function.
- Inspect the muzzle brake before each use for any signs of damage or wear.
- Store the muzzle brake in a secure location, away from children and unauthorized users.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended caliber specifications for the muzzle brake (6.5mm / .265).
- Ensure that the muzzle brake is securely attached to the firearm before use.
- Avoid shooting in enclosed spaces where sound pressure may be amplified.
- Be aware of your surroundings and ensure that the shooting area is clear of bystanders.
- Do not modify the muzzle brake or use it in ways not specified by the manufacturer.
- If you experience unusual recoil or sound when using the muzzle brake, stop using it immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. **Ensure Safety:** Before installation, ensure that the firearm is unloaded and pointed in a safe direction.
2. **Remove Existing Muzzle Device:** If applicable, remove any existing muzzle device from the firearm.
3. **Clean Threads:** Clean the threads on the barrel to ensure a proper fit.
4. **Attach Muzzle Brake:**
 - Align the threads of the muzzle brake with those of the barrel.
 - Handtighten the muzzle brake onto the barrel.
 - Use a wrench to securely tighten the muzzle brake, being careful not to overtighten.
5. **Check Alignment:** Ensure that the muzzle brake is aligned correctly before use.

Usage

- Load the firearm as per your standard operating procedures.
- Take a stable shooting position and ensure that the muzzle brake is pointed downrange.
- Fire the firearm while maintaining control and awareness of the muzzle rise and recoil.
- After shooting, inspect the muzzle brake for any signs of damage or wear.

Disposal Instructions

- Dispose of the HELLFIRE MATCH MUZZLE BRAKE in accordance with local regulations regarding firearm

accessories.

- If the product is damaged or no longer usable, consider recycling components where possible.
- Do not dispose of the muzzle brake in regular household waste.

Contact Information for Further Support

For any inquiries regarding the HELLFIRE MATCH MUZZLE BRAKE, please refer to the manufacturer's official website or contact their customer support for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience while using the HELLFIRE MATCH MUZZLE BRAKE. Thank you for your attention to safety.
