

# BORE-MAX SPEED BRUSH - REAL AVID 7.62MM/30 CALIBER BORE-MAX SPEED BRUSH

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

The Bore-Max Speed Brush is a component of the Bore-Max Speed Clean System for faster and easier bore cleaning. Carbon build-up not only affects performance and accuracy, but also causes degradation of the bore. Carbon build-up also insulates the copper fouling in the bore making it difficult to dissolve and remove with bore solvent. Using a bore brush to remove this carbon build-up is the best way to tackle the job. In order to achieve maximize effectiveness, there needs to be an optimal balance between bristle density and bristle flexibility. Having too few bristles is a waste of time and too many won't provide enough flexibility to navigate the lands and grooves of the bore. The bristle configuration of the Bore-Max Speed Brush provides maximum scrubbing density removing more carbon with each pass and getting maximum results faster.

## Attributes

- Name: [REAL AVID 7.62MM/30 CALIBER BORE-MAX SPEED BRUSH](#)
- Manufacturer: [REAL AVID](#)
- Product no.: 100047673
- Mfr. No.: AVBMSB30
- Caliber: 7.62,30 Caliber (.308)
- Style: Rifle
- Delivery weight: 0.045kg
- Shipping height: 13mm
- Shipping width: 70mm
- Shipping length: 171mm
- UPC: 813119013409

# BOREMAX SPEED BRUSH Safety Instructions

## Introduction

Thank you for choosing the BOREMAX SPEED BRUSH. This product is designed to provide efficient and effective cleaning for your firearm's bore. To ensure your safety and the safe use of this product, please read and follow the guidelines outlined in this safety instruction manual.

## General Safety Guidelines

- Always handle the BOREMAX SPEED BRUSH with care.
- Keep the brush out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose, which is to clean firearm bores.
- Regularly inspect the brush for any signs of wear or damage before use.
- Report any unsafe conditions or accidents involving this product to the appropriate authorities.
- Stay informed about recalls or safety updates via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded and pointed in a safe direction before using the brush.
- Avoid using excessive force when cleaning to prevent damage to the bore or the brush.
- Wear safety glasses to protect your eyes from potential debris while cleaning.
- Do not use the brush with any cleaning solvents that are not recommended for use with firearms.
- Follow the manufacturer's instructions for cleaning solvents and other cleaning supplies.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded.
- Gather necessary cleaning supplies, including the BOREMAX SPEED BRUSH and appropriate bore solvent.

### 2. Using the BOREMAX SPEED BRUSH:

- Insert the BOREMAX SPEED BRUSH into the bore of the firearm.
- Gently push the brush through the bore. Do not force it.
- Pull the brush back through the bore to remove carbon buildup.
- Repeat the process as necessary until the bore is clean.

### 3. PostCleaning:

- After cleaning, inspect the brush for any signs of wear or damage.
- Clean the brush according to the manufacturer's instructions to prolong its lifespan.

## Disposal Instructions

- Dispose of the BOREMAX SPEED BRUSH responsibly.
- Follow local regulations for the disposal of cleaning supplies and tools.
- Do not dispose of the brush in regular household waste if it is damaged or contaminated.

## Contact Information for Further Support

For any questions or concerns regarding the BOREMAX SPEED BRUSH, please reach out to the appropriate support channels available in your region. Ensure that you have the product information ready for reference.

By following these guidelines, you can safely and effectively use the BOREMAX SPEED BRUSH to maintain your firearm. Thank you for your attention to safety.
