

# BORE-MAX SPEED JAG & PATCH COMBO - REAL AVID 223 CALIBER BORE-MAX JAG & BORE-MAX SPEED PATCHES 25CT

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

Bore-Max Speed Jag and Patches are components of the Bore-Max Speed Clean System for faster and easier bore cleaning. Within the bore, carbon and copper fouling build-up in layers over time and cumulatively have a significant impact on a firearms performance if left unchecked. The carbon build-up essentially insulates the copper fouling from the outside in. Carbon layers need to be removed mechanically with a bore brush in order to fully expose the copper layers beneath. Alternately, copper must be chemically dissolved in order to remove it from the bore, as a brush is ineffective at breaking loose these heat-melded deposits. Sized to account precisely for both the jag diameter and patch thickness this Speed Jag and Patch combo provides the optimal compression to thoroughly and consistently reach into the lands and grooves. Tight enough to provide superior compression within the bore while still remaining relatively easy to push through. The Speed Jag and Patch system gets more patch material in the bore, eliminates bunching and maximizes the effectiveness of each pass-through. Speed Patches are a synthetic material that has shown to have superior absorbency over cotton. This material is better at absorbing fouling and spent solvent in the bore and is more effective at picking up and trapping crud.

## Attributes

- Name: [REAL AVID 223 CALIBER BORE-MAX JAG & BORE-MAX SPEED PATCHES 25CT](#)
- Manufacturer: [REAL AVID](#)
- Product no.: 100047683
- Mfr. No.: AVBMJAG223
- Caliber: 22 Caliber
- Delivery weight: 0.045kg
- Shipping height: 13mm
- Shipping width: 70mm
- Shipping length: 171mm
- UPC: 813119013508

# Safety Instruction Guide for BOREMAX SPEED JAG & PATCH COMBO

## Introduction

Thank you for choosing the BOREMAX SPEED JAG & PATCH COMBO. This product is designed to enhance your bore cleaning experience for firearms, specifically for .223 caliber weapons. To ensure your safety and the effective use of this product, please read and follow the guidelines outlined in this manual.

## General Safety Guidelines

- **Product Safety:** Always ensure the product is used in accordance with the provided instructions. This product is designed for nonfood use and should be kept away from children.
- **Enhanced Recalls:** In the event of a safety recall, follow the instructions provided by the manufacturer for returning or exchanging the product.
- **Online Shopping:** When purchasing online, ensure that the platform complies with safety regulations similar to physical stores.
- **Special Consumer Focus:** Extra caution should be taken when using this product around vulnerable groups, including children.
- **EU Contact Point:** For questions related to safety, refer to the contact details provided with your purchase.
- **Rapid Alerts:** Stay informed about product safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Avoid Contact with Eyes and Skin:** When using solvents or cleaning agents, avoid contact with eyes and skin. Wear protective eyewear and gloves if necessary.
- **Keep Out of Reach of Children:** Store the product in a secure location to prevent accidental access by children.
- **Use in a WellVentilated Area:** Ensure adequate ventilation when using cleaning solvents to avoid inhaling harmful fumes.
- **Inspect Before Use:** Always inspect the jag and patches for any signs of damage or wear before use. Do not use if damaged.
- **Proper Disposal of Used Materials:** Dispose of used patches and solvents according to local regulations to prevent environmental contamination.

## Instructions for Installation and Usage

### 1. Preparation:

- Make sure your firearm is unloaded and pointed in a safe direction.
- Gather necessary materials: BOREMAX SPEED JAG, SPEED PATCHES, and cleaning solvent.

### 2. Assemble the Jag and Patch:

- Select the appropriate SPEED PATCH for your cleaning needs.
- Attach the SPEED JAG to your cleaning rod.

### 3. Apply Cleaning Solvent:

- Apply a suitable cleaning solvent to the SPEED PATCH to enhance its cleaning effectiveness.

### 4. Insert the Jag and Patch into the Bore:

- Carefully insert the jag with the attached patch into the firearm's bore.
- Ensure that the patch is snug but not overly tight to allow for easy passage.

**5. Clean the Bore:**

- Push the jag and patch through the bore using a smooth, steady motion.
- Repeat the process as necessary until the bore is clean.

**6. Final Inspection:**

- After cleaning, inspect the bore for any remaining fouling.
- If needed, repeat the cleaning process with a fresh patch.

## **Disposal Instructions**

- Dispose of used SPEED PATCHES and any cleaning solvents in accordance with local waste management regulations.
- Do not dispose of materials in regular household waste unless specified as safe.

## **Contact Information for Further Support**

For any inquiries regarding safety or usage of the BOREMAX SPEED JAG & PATCH COMBO, please refer to the contact information provided with your product purchase.

Thank you for following these safety guidelines. Proper use and care will ensure a safe and effective cleaning experience for your firearm.
