

BORE-MAX SPEED CLEAN UPGRADE SET - REAL AVID 270 CALIBER

BORE-MAX SPEED CLEAN UPGRADE SET

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

Twice the bristle density of standard brushes for maximum scrubbing power. Stiff, nickel plated phosphor bronze bristles reduce chemical breakdown in the bore and extend the life of the brush. To achieve maximize effectiveness, there needs to be an optimal balance between bristle density and bristle flexibility. The bristle configuration of the Bore-Max Speed Brush provides maximum scrubbing density while retaining enough flexibility to effectively reach down into the lands and grooves. The elongated Speed Jag features multiple compression rings along the entire length of the jag. Bore-Max Speed Jag and Patches are precisely sized to provide the optimal compression and contact to wipe the inner surface of the bore. Tight along the entire length, yet still relatively easy to push through. The Speed Jag and Patch system gets more patch material in the bore, eliminates bunching and maximizes the effectiveness of each pass-through. Speed Patches are a synthetic material that has shown superior absorbency over cotton. This material is also more effective at picking up and trapping crud. One pass-through the bore of Speed Jag and Speed Jag Patch delivers the same results as pushing up to 4 or more traditional jags and square patches.

Only use Speed Jag Patches™ with the corresponding Speed Jag.

Attributes

- Name: [REAL AVID 270 CALIBER BORE-MAX SPEED CLEAN UPGRADE SET](#)
- Manufacturer: [REAL AVID](#)
- Product no.: 100047699
- Mfr. No.: AVBMSET270
- Caliber: 270 Caliber
- Delivery weight: 0.045kg
- Shipping height: 19mm
- Shipping width: 108mm
- Shipping length: 159mm
- UPC: 813119013669

BOREMAX SPEED CLEAN UPGRADE SET Safety Instructions

Introduction

Thank you for choosing the BOREMAX SPEED CLEAN UPGRADE SET. This product is designed to provide superior cleaning performance for your firearm's bore. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- **Product Safety:** Ensure safe use of this product by following all instructions. This product is intended for nonfood use only.
- **Enhanced Recalls:** Stay informed about any potential recalls. Check the EU's Safety Gate platform for updates on product safety.
- **Online Shopping:** When purchasing online, ensure that the retailer meets safety requirements similar to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For safety inquiries, refer to the EU-based contact point provided by the manufacturer.
- **Rapid Alerts:** Be aware of faster updates on unsafe products via the Safety Gate system.

Specific Safety Precautions for Use

- Always use the BOREMAX SPEED CLEAN UPGRADE SET in accordance with the instructions provided.
- Inspect the product for any signs of damage before use. Do not use if damaged.
- Ensure that the firearm is unloaded and pointed in a safe direction before cleaning.
- Wear safety goggles to protect your eyes from debris while cleaning.
- Avoid using excessive force during cleaning to prevent damage to the bore or brushes.
- Store the product in a cool, dry place away from direct sunlight and moisture.
- Dispose of used patches and materials in accordance with local regulations.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies including the BOREMAX SPEED CLEAN UPGRADE SET, cleaning solvent, and patches.

2. Using the Speed Jag:

- Attach the Speed Jag to your cleaning rod.
- Select the appropriate size patch for your caliber (270 Caliber).
- Apply cleaning solvent to the patch and insert it onto the Speed Jag.

3. Cleaning the Bore:

- Insert the Speed Jag with the patch into the bore.
- Push the Speed Jag through the bore in a smooth motion.
- Repeat as necessary, using a clean patch each time until the bore is clean.

4. **PostCleaning:**

- After cleaning, ensure that no residue is left in the bore.
- Store the Speed Jag and patches in a safe location.

Disposal Instructions

- Dispose of used patches and any cleaning materials in accordance with local waste disposal regulations.
- Do not dispose of any product components in regular household waste unless specified by local guidelines.

Contact Information for Further Support

For any further support or inquiries regarding the BOREMAX SPEED CLEAN UPGRADE SET, please refer to the manufacturer's contact information provided with your product.

Stay safe and enjoy the enhanced cleaning performance of your BOREMAX SPEED CLEAN UPGRADE SET!
