

# BORE-MAX SPEED CLEAN UPGRADE SET - 9MM/380 CALIBER BORE-MAX SPEED CLEAN UPGRADE SET

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

Twice the bristle density of standard brushes for maximum scrubbing power. Stiff, nickel plated phosphor bronze bristles reduce chemical breakdown in the bore and extend the life of the brush. To achieve maximize effectiveness, there needs to be an optimal balance between bristle density and bristle flexibility. The bristle configuration of the Bore-Max Speed Brush provides maximum scrubbing density while retaining enough flexibility to effectively reach down into the lands and grooves. The elongated Speed Jag features multiple compression rings along the entire length of the jag. Bore-Max Speed Jag and Patches are precisely sized to provide the optimal compression and contact to wipe the inner surface of the bore. Tight along the entire length, yet still relatively easy to push through. The Speed Jag and Patch system gets more patch material in the bore, eliminates bunching and maximizes the effectiveness of each pass-through. Speed Patches are a synthetic material that has shown superior absorbency over cotton. This material is also more effective at picking up and trapping crud. One pass-through the bore of Speed Jag and Speed Jag Patch delivers the same results as pushing up to 4 or more traditional jags and square patches.

Only use Speed Jag Patches™ with the corresponding Speed Jag.

## Attributes

- Name: [9MM/380 CALIBER BORE-MAX SPEED CLEAN UPGRADE SET](#)
- Manufacturer: [REAL AVID](#)
- Product no.: 100047701
- Mfr. No.: AVBMSET9MM
- Caliber: 357 Caliber,380 Caliber,9mm
- Delivery weight: 0.05kg
- Shipping height: 19mm
- Shipping width: 108mm
- Shipping length: 165mm
- UPC: 813119013683

# BOREMAX SPEED CLEAN UPGRADE SET Safety Instructions

## Introduction

Thank you for choosing the BOREMAX SPEED CLEAN UPGRADE SET for your firearm cleaning needs. This product is designed to enhance your cleaning experience with superior bristle density and effective cleaning materials. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before use for any signs of damage or wear.
- Do not use the product if it is damaged or malfunctioning.
- Report any unsafe products or accidents to local authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the BOREMAX SPEED CLEAN UPGRADE SET only for its intended purpose: cleaning firearm bores.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves during use.
- Avoid contact with the bristles and cleaning materials if you have known allergies to metals or synthetic materials.
- Ensure that your firearm is unloaded and pointed in a safe direction before using the cleaning set.
- Follow all local laws and regulations regarding firearm cleaning and maintenance.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that the firearm is unloaded and the area is wellventilated.
- Gather all necessary items: BOREMAX SPEED CLEAN UPGRADE SET, cleaning patches, and any additional cleaning solutions if required.

### 2. Using the Bore Brush

- Select the appropriate bore brush for your firearm caliber (9mm or .380).
- Attach the bore brush securely to the cleaning rod.
- Insert the bore brush into the firearm's bore and push it through gently. Avoid excessive force.

### 3. Using the Speed Jag and Patches

- Attach the Speed Jag to the cleaning rod.
- Place a cleaning patch onto the Speed Jag.
- Insert the Speed Jag with the patch into the bore and push through to wipe the inner surface.
- Repeat this process until the bore is clean.

### 4. PostCleaning Care

- After use, clean the bore brush and Speed Jag with warm water and mild soap.
- Allow all components to dry completely before storing them.
- Store the cleaning set in a cool, dry place, away from direct sunlight.

## **Disposal Instructions**

- Dispose of used cleaning patches and any wornout components in accordance with local waste disposal regulations.
- Do not dispose of the product in household waste. Check for local recycling programs for synthetic materials and metals.

## **Contact Information for Further Support**

For any questions or concerns regarding the BOREMAX SPEED CLEAN UPGRADE SET, please refer to the manufacturer's contact information included with your product packaging.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your BOREMAX SPEED CLEAN UPGRADE SET. Thank you for your attention to these guidelines.
