

# BORE-MAX SPEED CLEAN UPGRADE SET - REAL AVID 40 CALIBER BORE-MAX SPEED CLEAN UPGRADE SET

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

Twice the bristle density of standard brushes for maximum scrubbing power. Stiff, nickel plated phosphor bronze bristles reduce chemical breakdown in the bore and extend the life of the brush. To achieve maximize effectiveness, there needs to be an optimal balance between bristle density and bristle flexibility. The bristle configuration of the Bore-Max Speed Brush provides maximum scrubbing density while retaining enough flexibility to effectively reach down into the lands and grooves. The elongated Speed Jag features multiple compression rings along the entire length of the jag. Bore-Max Speed Jag and Patches are precisely sized to provide the optimal compression and contact to wipe the inner surface of the bore. Tight along the entire length, yet still relatively easy to push through. The Speed Jag and Patch system gets more patch material in the bore, eliminates bunching and maximizes the effectiveness of each pass-through. Speed Patches are a synthetic material that has shown superior absorbency over cotton. This material is also more effective at picking up and trapping crud. One pass-through the bore of Speed Jag and Speed Jag Patch delivers the same results as pushing up to 4 or more traditional jags and square patches.

## Attributes

- Name: [REAL AVID 40 CALIBER BORE-MAX SPEED CLEAN UPGRADE SET](#)
- Manufacturer: [REAL AVID](#)
- Product no.: 100047702
- Mfr. No.: AVBMSET40
- Caliber: 40 Caliber
- Delivery weight: 0.045kg
- Shipping height: 19mm
- Shipping width: 108mm
- Shipping length: 159mm
- UPC: 813119013690

# BOREMAX SPEED CLEAN UPGRADE SET Safety Instruction Guide

## Introduction

Thank you for choosing the BOREMAX SPEED CLEAN UPGRADE SET by REAL AVID. This product is designed to provide effective cleaning for your firearm's bore. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- **Product Safety:** This product is designed for safe use when following the provided guidelines. Ensure that you are familiar with the product and its intended use.
- **Enhanced Recalls:** In case of any safety concerns, standardized recall notices will be issued. Please stay informed about any potential recalls.
- **Online Shopping:** When purchasing online, ensure that the platform complies with safety requirements similar to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of vulnerable groups.
- **EU Contact Point:** For any safety inquiries, please refer to your local EU contact point.
- **Rapid Alerts:** Stay updated on any safety alerts regarding this product through the EU Safety Gate system.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The bristles are stiff and may cause injury if used improperly.
  - Ensure that the product is used in a safe environment to prevent accidents.
- **Avoiding Hazards:**
  - Always wear appropriate eye protection when using the product.
  - Do not use the product on a firearm that is loaded or has ammunition present.
  - Ensure that the area is wellventilated when using cleaning chemicals with this product.
- **Age Warnings:**
  - This product is not suitable for children under 18 years of age. Adult supervision is recommended when used by younger individuals.

## Instructions for Installation and Usage

- **Installation:**
  1. Ensure the firearm is unloaded and pointed in a safe direction.
  2. Attach the BoreMax Speed Jag to the cleaning rod securely.
  3. Select the appropriate size patch for your caliber (40 Caliber).
  4. Insert the patch into the jag, ensuring it is properly seated.
- **Usage:**
  1. Apply your preferred cleaning solvent to the patch.
  2. Insert the BoreMax Speed Jag into the bore from the chamber end.
  3. Gently push the jag through the bore in one smooth motion.
  4. Pull the jag back out, taking care not to jerk or pull abruptly.
  5. Repeat the process until the bore is clean, typically 23 passes should suffice.
  6. Dispose of used patches in accordance with local disposal regulations.

## **Disposal Instructions**

- Dispose of the used patches and any cleaning materials in accordance with local regulations.
- Do not dispose of cleaning solvents in household waste. Follow local hazardous waste disposal guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the BOREMAX SPEED CLEAN UPGRADE SET, please consult your local retailer or refer to the manufacturer's website for additional support and information.

Thank you for your attention to these safety guidelines. Enjoy using your BOREMAX SPEED CLEAN UPGRADE SET safely and effectively!
