

AR-15/M16 VICKERS COMBAT APPLICATIONS SLING - BLUE FORCE GEAR VICKERS SLING MULTICAM ARID NYLON HARDWARE

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

Adjusts Quickly, Won't Tangle Or Twist

Two-point sling with quick adjustment strap lets the operator change sling length without creating loose ends that can tangle with other gear. Allows for a variety of carry and shooting positions based on the required tactical response. Fits rifles and carbines with side-mounted sling swivels that have 1¼" wide loops. Composed of two, separate sections of Cordura® nylon webbing: 17" forearm end, including quick adjustment loop, and 30" rear buttstock end, joined together with a high-strength steel loop. Available with sliding adjustment buckles made of tough molded Acetal military-grade hard polymer. Combat-proven; deployed with all branches of U.S. military. Developed by Larry Vickers, noted firearms expert and former operational member of 1st SFOD Delta (aka "Combat Applications Group").

Safety Instruction Guide for AR15/M16 Vickers Combat Applications Sling

Introduction

Thank you for purchasing the AR15/M16 Vickers Combat Applications Sling by Blue Force Gear. This guide provides essential safety instructions and usage recommendations to ensure the safe and effective use of your sling. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the sling is compatible with your firearm and that it is securely attached before use.
- Always handle firearms with care and follow all safety protocols when using a sling.
- Regularly inspect the sling for signs of wear or damage. Do not use if the sling is compromised.
- Keep the sling away from children and ensure it is stored securely when not in use.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:** Improper use of the sling can lead to accidents, including unintentional discharge of the firearm. Loose ends of the sling can become entangled with other gear.
- **Avoiding Hazards:** Always ensure the sling is adjusted to the correct length before use. Avoid using the sling in environments where it may become entangled with other equipment or obstacles.
- **Age Specific Warnings:** This product is not intended for use by children. Ensure that only responsible adults operate firearms equipped with this sling.

Instructions for Installation and Usage

1. Installation:

- Attach the sling to the sidemounted sling swivels on your rifle or carbine. Ensure that the loops are securely fastened.
- Adjust the sling to the desired length using the quick adjustment strap. Ensure that there are no loose ends.

2. Usage:

- The sling allows for a variety of carry and shooting positions. Familiarize yourself with these positions to enhance your tactical response.
- Always ensure that the firearm is pointed in a safe direction when adjusting the sling or transitioning between carry positions.

3. Adjustment:

- The sling can be adjusted from 39 inches (99 cm) to 65 inches (165 cm) overall length. Make adjustments as needed for comfort and accessibility.

Disposal Instructions

- Dispose of the sling responsibly. If the sling is damaged or no longer usable, consider recycling the materials where possible.
- Ensure that any components, especially those made of nylon or polymer, are disposed of in accordance with local waste management regulations.

Contact Information for Further Support

For any questions or concerns regarding the safety and usage of your AR15/M16 Vickers Combat Applications Sling, please refer to the manufacturer's website or contact their support team. Ensure that you have the product details ready for more efficient assistance.

Thank you for choosing the AR15/M16 Vickers Combat Applications Sling. Your safety is our priority, and we hope you enjoy using this product responsibly.
