

# AR-15/M16 VICKERS COMBAT APPLICATIONS SLING - BLUE FORCE GEAR VICKERS SLING OD GREEN NYLON HARDWARE

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

## Adjusts Quickly, Won't Tangle Or Twist

Two-point sling with quick adjustment strap lets the operator change sling length without creating loose ends that can tangle with other gear. Allows for a variety of carry and shooting positions based on the required tactical response. Fits rifles and carbines with side-mounted sling swivels that have 1¼" wide loops. Composed of two, separate sections of Cordura® nylon webbing: 17" forearm end, including quick adjustment loop, and 30" rear buttstock end, joined together with a high-strength steel loop. Available with sliding adjustment buckles made of tough molded Acetal military-grade hard polymer. Combat-proven; deployed with all branches of U.S. military. Developed by Larry Vickers, noted firearms expert and former operational member of 1st SFOD Delta (aka "Combat Applications Group").

# Safety Instruction Guide for AR15/M16 Vickers Combat Applications Sling

## Introduction

Thank you for choosing the AR15/M16 Vickers Combat Applications Sling by Blue Force Gear. This guide provides essential safety information and instructions to ensure safe and effective use of your sling. Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Always ensure that the sling is securely attached to the firearm before use.
- Inspect the sling for any signs of wear or damage before each use.
- Do not exceed the weight limits specified by the manufacturer.
- Keep the sling away from children and unauthorized users.
- Be aware of your surroundings while using the sling, especially in crowded or confined spaces.
- Use the sling only for its intended purpose, which is to support the carrying and shooting of firearms.

## Specific Safety Precautions for Use

- Ensure that the sling is adjusted to the appropriate length for your body type and shooting style.
- Avoid placing the sling in a position where it can become entangled with other gear or equipment.
- When transitioning the sling from one position to another, do so carefully to avoid accidental discharge.
- Always treat your firearm as if it is loaded, even when using the sling.
- In case of any malfunction or if the sling appears to be damaged, cease use immediately and consult a qualified professional.

## Instructions for Installation and Usage

### 1. Installation:

- Attach the front end of the sling to the sidemounted sling swivel on the rifle or carbine.
- Ensure that the sling is securely fastened and that the attachment point is not damaged.
- Attach the rear end of the sling to the rear buttstock end using the appropriate attachment method.

### 2. Adjustment:

- To adjust the length of the sling, locate the quick adjustment strap.
- Pull the strap to shorten the sling or release it to lengthen the sling.
- Ensure that there are no loose ends that can tangle with other gear.

### 3. Usage:

- When using the sling, adjust it to allow for a comfortable carry position.
- Practice transitioning between different shooting positions while using the sling to become familiar with its functionality.
- After use, ensure that the sling is stored in a safe location away from children and pets.

## Disposal Instructions

- When the sling is no longer usable, dispose of it in accordance with local regulations.
- Do not burn the sling or its components, as they may release harmful substances.

- If the sling is made of materials that can be recycled, check with local recycling facilities for proper disposal methods.
