

AR-15/M16 VICKERS COMBAT APPLICATIONS SLING - BLUE FORCE GEAR VICKERS SLING WOODLAND CAMO NYLON HARDWARE

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

Adjusts Quickly, Won't Tangle Or Twist

Two-point sling with quick adjustment strap lets the operator change sling length without creating loose ends that can tangle with other gear. Allows for a variety of carry and shooting positions based on the required tactical response. Fits rifles and carbines with side-mounted sling swivels that have 1¼" wide loops. Composed of two, separate sections of Cordura® nylon webbing: 17" forearm end, including quick adjustment loop, and 30" rear buttstock end, joined together with a high-strength steel loop. Available with sliding adjustment buckles made of tough molded Acetal military-grade hard polymer. Combat-proven; deployed with all branches of U.S. military. Developed by Larry Vickers, noted firearms expert and former operational member of 1st SFOD Delta (aka "Combat Applications Group").

Attributes

Safety Instruction Guide for AR15/M16 Vickers Combat Applications Sling

Introduction

Thank you for choosing the AR15/M16 Vickers Combat Applications Sling by Blue Force Gear. This guide provides essential safety instructions and usage information to ensure the safe and effective use of your sling. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure the sling is used only for its intended purpose with compatible firearms.
- Regularly inspect the sling for wear, damage, or fraying before each use.
- Do not exceed the manufacturer's recommended load limits.
- Keep the sling and its components away from children and unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of entanglement if sling is not properly adjusted.
- Potential for injury if the sling is used with incompatible firearms.
- Risk of damage to the firearm if the sling is not securely attached.

- **Avoiding Hazards:**

- Always ensure the sling is securely fastened to the firearm before use.
- Adjust the sling to the appropriate length to prevent loose ends.
- Do not use the sling in conditions that may compromise its integrity (e.g., extreme temperatures, exposure to chemicals).

- **AudienceSpecific Warnings:**

- This product is not suitable for children under 18 years of age.
- Ensure that all users are trained in the safe handling of firearms.

Instructions for Installation and Usage

- **Installation:**

1. Ensure the firearm is unloaded and safe to handle.
2. Locate the sidemounted sling swivels on your rifle or carbine.
3. Attach the sling's steel loop to the sling swivel, ensuring a secure fit.
4. Adjust the length of the sling using the quick adjustment strap to suit your preference.

- **Usage:**

- When using the sling, ensure it is adjusted properly to allow for comfortable carry and shooting positions.
- Use the sling to stabilize your aim by wrapping it around your arm or shoulder as needed.
- After use, detach the sling from the firearm if not in use for an extended period.

Disposal Instructions

- Dispose of the sling and any damaged components in accordance with local waste management regulations.
- Do not incinerate or dispose of the sling in a manner that could cause environmental harm.

Contact Information for Further Support

For any questions or concerns regarding the safety or use of the AR15/M16 Vickers Combat Applications Sling, please refer to the manufacturer or your point of purchase for assistance.

Stay safe and enjoy the benefits of your new sling!
