

# **MOLDED UNIVERSAL WIRE LOOP - BLUE FORCE GEAR MOLDED UWL 2.75 WIRE LENGTH TAN**

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

The Blue Force Gear Molded Universal Wire Loop™ brings the unparalleled versatility of the Universal Wire Loop with a lighter more cost effective assembly. The Molded UWL™ allows for a Vickers Sling or other slings 1.25" or thinner to attach to eyelets, slots, rail holes, or other unique mounting points on weapons. The Molded UWL™ features the same military proven nylon coated air craft grade stainless steel cable crimped into a nylon 6-6 body - the same military grade non-reflective material as used in the Vickers Sling. The inner features a push button socket for use with any standard push button sling swivel if desired."

# Safety Instruction Guide for the Molded Universal Wire Loop Blue Force Gear

## Introduction

Thank you for choosing the Molded Universal Wire Loop™ from Blue Force Gear. This product is designed to provide versatility and functionality for attaching slings to various mounting points on weapons. It is important to follow the safety guidelines outlined in this document to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this guide.
- Regularly inspect the Molded Universal Wire Loop™ for any signs of wear or damage before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not exceed the recommended weight limits when using the Molded Universal Wire Loop™.
- Avoid using the product in extreme environmental conditions that may compromise its integrity.
- Ensure that all connections are secure before use to prevent accidental detachment.
- Do not modify the Molded Universal Wire Loop™ in any way, as this may lead to failure or injury.
- Use only with compatible slings that are 1.25 inches or thinner.

## Instructions for Installation and Usage

### 1. Installation:

- Identify the mounting points on your weapon where the Molded Universal Wire Loop™ will be attached.
- Ensure that the area is clean and free of obstructions.
- Attach the Molded Universal Wire Loop™ to the desired mounting point using the eyelets or slots provided.
- If using a push button sling swivel, insert the swivel into the push button socket of the Molded UWL™.

### 2. Usage:

- Once installed, check the security of the loop and connections before attaching a sling.
- Attach your sling to the Molded Universal Wire Loop™ and ensure it is secure.
- Test the setup by gently pulling on the sling to confirm stability before engaging in any activity.

## Disposal Instructions

- Dispose of the Molded Universal Wire Loop™ in accordance with local regulations for nonhazardous waste.
- Do not dispose of the product in regular household waste if it is damaged or worn.
- Consult your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any questions regarding the Molded Universal Wire Loop™, or if you need further assistance, please refer to the contact information provided with the product packaging or visit the manufacturer's website.

Thank you for prioritizing safety and compliance with these guidelines. Your adherence to these instructions will help ensure a safe and effective experience with the Molded Universal Wire Loop™.
