

# ULOOP 1 WEBBING SLOT BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

Sling hooks and clips are on borrowed time! The world no longer must tolerate loud, jangly sling attachments, hooks that eat up aluminum and plastic eyelets, or hardware pieces that take too long to attach and remove. With the Patent Pending ULoop finally on the scene, the hook and clip extinction event has begun. The Blue Force Gear ULoop™ brings a level of versatility that is unmatched by any other sling hardware. Code named the "Uber Loop" it is a quick-detach version of the popular Universal Wire Loop, offering even faster and easier installation, especially on smaller eyelets found on AK, HK, SIG, and FN weapons. The ULoop can be installed almost anywhere - through eyelets, holes in railed handguards, and on KeyMod rails. There's no need to have multiple sling attachments. The ULoop replaces all hooks, clips, and connections. The ULoop can be installed in seconds and does not need to be removed from the sling. To release the wire, push the wire loop down towards the body. Then push the exposed crimp ball from the opposite side out of the locking channel. Pull the loose end of the cable out of the body. From there, the wire can be inserted through eyelets, loops on weapons, holes, or slots in rails / KeyMod. Simply push the loose end of the cable back into the ULoop body and snap the cable back into the locking channel. 1" size fits slings up to 1" wide 1.25" size fits slings up to 1.25" wide 1" wire loop measured from the base of sling loop to the top of loop

## Attributes

- Name: [ULOOP 1 WEBBING SLOT BLACK](#)
- Manufacturer: [BLUE FORCE GEAR](#)
- Product no.: 100047810
- Mfr. No.: UWL-UL1-100-BK
- Color: Black
- Delivery weight: 0.014kg
- Shipping height: 13mm
- Shipping width: 76mm
- Shipping length: 89mm
- UPC: 812114023864

# ULOOP 1 WEBBING SLOT BLACK Safety Instruction Guide

## Introduction

Thank you for choosing the ULOOP 1 WEBBING SLOT BLACK by Blue Force Gear. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document carefully before use.

## General Safety Guidelines

- **Product Safety:** This product is designed to ensure safe use in various applications. Follow all instructions to minimize risks.
- **Enhanced Recalls:** Stay informed about any recall notices. If you receive a recall notice, please follow the instructions provided.
- **Online Shopping:** Ensure that you purchase this product from authorized retailers to guarantee compliance with safety standards.
- **Special Consumer Focus:** This product is not intended for children. Keep it out of reach of minors.
- **EU Contact Point:** For safety inquiries, please reach out to the designated EU contact point provided by your retailer.
- **Rapid Alerts:** Monitor the EU Safety Gate platform for updates on product safety.

## Specific Safety Precautions for Use

- **Inspection:** Before each use, inspect the ULOOP for signs of wear or damage. Do not use if any part appears compromised.
- **Proper Use:** Ensure that the ULOOP is used only as intended. Do not exceed the recommended load limits.
- **Avoid Sharp Edges:** Be cautious of sharp edges when installing or removing the ULOOP to prevent injury.
- **Secure Attachment:** Always ensure that the ULOOP is securely attached before use to prevent accidental detachment.
- **Environment:** Use the ULOOP in suitable environments. Avoid exposure to extreme temperatures or corrosive materials.

## Instructions for Installation and Usage

### 1. Installation:

- Identify the eyelet or hole where the ULOOP will be installed.
- Insert the wire loop through the eyelet or hole.
- To secure, push the loose end of the cable back into the ULOOP body.
- Snap the cable back into the locking channel.

### 2. Release Mechanism:

- To release the wire, push the wire loop down towards the body.
- Push the exposed crimp ball from the opposite side out of the locking channel.
- Pull the loose end of the cable out of the body.

### 3. Attachment:

- The ULOOP can be attached to various weapons and equipment through eyelets, loops, holes, or

- slots in rails/KeyMod.
- Ensure that the ULOOP is compatible with your equipment before installation.

#### 4. Sizing:

- The ULOOP is available in two sizes:
  - 1" size fits slings up to 1" wide.
  - 1.25" size fits slings up to 1.25" wide.
- Measure the sling width before selecting the appropriate ULOOP size.

## Disposal Instructions

- Dispose of the ULOOP in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, follow recycling guidelines for plastic and metal components.

## Contact Information for Further Support

For additional support or inquiries regarding the ULOOP 1 WEBBING SLOT BLACK, please refer to the contact information provided by your retailer or manufacturer.

By following these guidelines, you can ensure the safe and effective use of the ULOOP 1 WEBBING SLOT BLACK. Thank you for prioritizing safety and compliance.
