# RIFLE CLEANING KIT BIRCHWOOD CASEY SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Birchwood Casey Rifle Cleaning Kit. This 21piece universal rifle cleaning kit is designed to help you maintain your firearm safely and effectively. Please read this safety instruction guide carefully to ensure the proper and safe use of this product, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- **Product Safety:** This rifle cleaning kit is designed for safe use. Ensure all components are in good condition before use.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices that may affect this product. You can check updates through official channels.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety regulations similar to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer.
- **Rapid Alerts:** Be aware of any updates regarding unsafe products through the EU's Safety Gate system.

## Specific Safety Precautions for Use

- Always read and understand the instructions before using the cleaning kit.
- Inspect all tools for damage or wear before use. Do not use damaged components.
- Use the cleaning kit in a wellventilated area to avoid inhalation of cleaning solvents.
- Keep cleaning solvents and tools away from heat sources and open flames.
- Wear protective eyewear and gloves when using cleaning solvents to prevent irritation or injury.
- Ensure the firearm is unloaded and pointed in a safe direction before cleaning.
- Do not use any tools or solvents that are not included in the kit for cleaning your firearm.
- Store the cleaning kit in a secure location, away from children and pets.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and in a safe position.
- Gather all components of the cleaning kit.

### 2. Using the Cleaning Rod:

- Attach the appropriate bore brush to the cleaning rod based on the caliber of your firearm.
- Insert the cleaning rod into the barrel from the chamber end, pushing it through to the muzzle end.

### 3. Cleaning the Bore:

- Use the bore brush to scrub the interior of the barrel. Repeat as necessary.
- After using the bore brush, use a patch with cleaning solvent to remove debris.

### 4. Using the Jag and Patches:

- Attach the brass jag to the cleaning rod.
- Place a cleaning patch on the jag, ensuring it fits snugly.
- Run the jag and patch through the barrel several times to remove residue.

#### **5. Finishing Up:**

- After cleaning, ensure no cleaning solvent remains in the barrel.
- Wipe down the exterior of the firearm with a clean cloth.

#### **6. Storing the Kit:**

- Once cleaning is complete, store all components back in the case.
- Ensure the case is closed securely and stored in a safe location.

## **Disposal Instructions**

- Dispose of any used cleaning patches and solvents according to local regulations.
- Do not dispose of cleaning solvents in regular household waste. Check for local hazardous waste disposal guidelines.
- Recycle the packaging materials when possible.

## **Contact Information for Further Support**

For any further information or assistance regarding the Birchwood Casey Rifle Cleaning Kit, please refer to the contact information provided by your retailer or consult the official Birchwood Casey website.

By following these safety instructions, you can ensure the proper handling and maintenance of your rifle cleaning kit while adhering to safety regulations. Thank you for prioritizing safety in your firearm maintenance practices.
