# HANDGUN CLEANING KIT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Birchwood Casey Handgun Cleaning Kit. This 16piece universal kit is designed to help you maintain your handgun safely and effectively. Please read this safety instruction guide carefully to ensure the safe use of the product and to understand the necessary precautions.

## General Safety Guidelines

- Ensure that you read and understand all instructions before using the cleaning kit.
- Always keep the cleaning kit out of reach of children and vulnerable individuals.
- Use the cleaning kit only for its intended purpose, which is to clean handguns.
- Regularly inspect all components of the kit for damage or wear before use.
- If any component is damaged, do not use it and replace it immediately.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

## Specific Safety Precautions for Use

- When cleaning your handgun, always ensure that it is unloaded. Doublecheck that there is no ammunition in the chamber or magazine.
- Avoid using excessive force when cleaning to prevent damage to the firearm or cleaning tools.
- Use the cleaning brushes and jags as directed to avoid injury.
- Wear protective eyewear when using cleaning solvents or chemicals.
- Ensure proper ventilation when using cleaning solvents or chemicals to avoid inhalation of harmful vapors.
- Dispose of used cleaning patches and materials in accordance with local regulations.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your handgun is unloaded and in a safe area for cleaning.
- Gather all components from the cleaning kit.

### 2. Using the Cleaning Rod:

- Attach the brass cleaning rod to the custom handle.
- Select the appropriate bore brush for your handgun caliber (Cal .22, .357/.38/9mm, .40, .45).
- Insert the bore brush into the cleaning rod and gently push it through the barrel from the chamber to the muzzle.

### 3. Cleaning the Barrel:

- After using the bore brush, use a patch with cleaning solvent on the brass jag.
- Insert the jag into the cleaning rod and push it through the barrel to remove any residue.
- Repeat as necessary until the barrel is clean.

### 4. Using the Cleaning Brush:

- Use the dualend nylon cleaning brush for cleaning the exterior and hardtoreach areas of the handgun.
- Gently scrub surfaces without applying excessive pressure.

### 5. Final Steps:

- Wipe down the handgun with a clean, dry cloth to remove any remaining solvent.
- Store the cleaning kit in a cool, dry place, ensuring all components are securely stored in the innovative case design.

## **Disposal Instructions**

- Dispose of used cleaning patches and materials in accordance with local waste disposal regulations.
- Do not dispose of cleaning solvents or chemicals down the drain or in regular household waste. Follow local hazardous waste disposal guidelines.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and use of the Birchwood Casey Handgun Cleaning Kit, please reach out to your local retailer or manufacturer.

Thank you for your attention to these safety guidelines. Proper care and maintenance of your handgun will ensure its longevity and performance.
