

BRAVO BARREL VISE KIT - SHORT ACTION CUSTOMS BRAVO BARREL VISE KIT

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Barrel Vises](#)

The Bravo Barrel Vise Kit includes: ARCA Mounting Base, 5 bushings .865"-.870", .925"-.930", 1.000", 1.200", 1.250". It does not come with the bushing stand. Based off of the same bushing design as SAC's highly successful ""Modular Barrel Vise"", the ""Bravo"" utilizes a simple 2 bolt design to clamp the top and bottom together. This clamping system greatly reduces the amount of machine time, materials and complexity of the assembly, therefore allowing us to greatly reduce the price WITHOUT sacrificing any material or design quality. Made from high strength 7075 Aluminum, we CNC machine all the parts for an amazing fit and finish. Supplied with the ""Bravo"" are two alloy steel 1/2" x 13 cap head screws 3.25" long, Grade 8 washers and Grade 9, extreme strength 1/2" x 13 Nuts. The supplied cap head screws can be used to secure the top and bottom together, or the end user can purchase Two hex bolts, insert them from the bottom, and use the washers and nuts on the top. The ""Bravo"" uses the same readily available barrel bushings as the ""Modular Barrel Vise"". When using the appropriate bushing and the supplied non-adhesive drywall tape, you can clamp onto finished or painted barrels with out leaving any handling marks or defects. Just like all Short Action Customs products that are made in-house, the ""Bravo"" has a 100% lifetime warranty against any defects or failures due to manufacturing or material failure.

Safety Instruction Guide for BRAVO BARREL VISE KIT

Introduction

Thank you for purchasing the BRAVO BARREL VISE KIT from Short Action Customs. This guide provides essential safety instructions to ensure the safe use and handling of the product. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the kit for any signs of damage or wear before use.
- Use the product only for its intended purpose as described in the product documentation.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the BRAVO BARREL VISE KIT.
- Ensure that the workspace is clean and free of any hazards that may cause accidents.
- Do not exceed the recommended torque specifications when securing the barrel with the vise.
- Avoid clamping onto barrels that are excessively hot or cold, which may affect the integrity of the materials.
- Do not attempt to modify or alter the product in any way, as this may compromise safety and performance.
- If you notice any unusual sounds or behaviors during use, stop immediately and inspect the product.

Instructions for Installation and Usage

1. Unpacking the Kit

- Carefully remove the BRAVO BARREL VISE KIT from its packaging.
- Ensure all components are present: ARCA Mounting Base, 5 bushings (.865".870", .925".930", 1.000", 1.200", 1.250"), and screws.

2. Setting Up the Vise

- Select the appropriate bushing based on the diameter of the barrel you will be working with.
- Attach the ARCA Mounting Base to a stable work surface using the provided hardware.
- If using cap head screws, secure the top and bottom of the vise together by tightening the screws until snug.
- Alternatively, use hex bolts inserted from the bottom, securing them with washers and nuts on the top.

3. Clamping the Barrel

- Place the barrel into the selected bushing.
- Use the nonadhesive drywall tape to protect the barrel's finish.
- Gently tighten the vise to secure the barrel without overtightening.

4. Using the Vise

- Follow all safety precautions while using the vise.
- Ensure that the barrel is stable and secure before performing any work.
- After completing your work, carefully release the tension on the vise and remove the barrel.

Disposal Instructions

- Dispose of the BRAVO BARREL VISE KIT in accordance with local waste disposal regulations.
- If the product is no longer usable, consider recycling materials where possible to reduce environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the BRAVO BARREL VISE KIT, please contact the manufacturer directly through their official channels.

By following these safety instructions, you can ensure a safe and effective experience with the BRAVO BARREL VISE KIT. Thank you for your attention to safety, and enjoy your product!
