

MODULAR BARREL VISE KIT - SHORT ACTION CUSTOMS MODULAR BARREL VISE KIT

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Barrel Vises](#)

Are you the type of shooter who is tired of playing all the barrel changing games? Are you tired of having to ship your rifle off just to get a new barrel installed? Are you tired of not being able to properly maintain and clean your rifle?SAC has been designing and perfecting the perfect product for you. Their Modular Barrel Vise allows you to quickly change your barrels whenever and wherever you want. Their innovative hinge lock bolt system allows you to quickly and separate your barrel from your action with unparalleled repeat ability and ease. Imagine how much money and risk is involved with shipping a complete rifle to get a new barrel vs just an old barrel? Furthermore there are no headspace games to play. Simply torque your action to your barrel and have confidence that your headspace is the same...every time. One of the best features of this Modular Barrel Vise is that it is just the first part of a complete system that we are developing. The ARCA bottom mount can easily be secured to a milling machine table, a bench top, or on a custom mounting platform like a 2" square tube for a truck's receiver hitch. SAC has other accessories being developed that will secure to the ARCA bottom mount that are intended for rifle care, maintenance and set up. All of this is done within seconds. Because they built this product to last, their Modular Barrel Vise Kit has a 100% lifetime warranty for all parts manufactured by Short Action Customs! Their vision is to empower every shooter to take rifle maintenance and barrel changes into their own hands. To provide a product system that gives all shooters the confidence to work on and maintain their own rifles. It all starts with their Modular Barrel Vise. Features Mostly 7075 Aluminum Construction. Made in the U.S.A! Excellent gripping strength on the barrel with properly sized bushings with little to no markings on the barrel. Only 1 torque bolt for the fastest lock up on any barrel vise. Modular system with more accessories to follow. What is included in the Modular Barrel Vise Kit? Barrel Vise Upper Barrel Vise Lower Connecting Link with 2 black oxide precision ground alloy pins Grade 8 1/2 x 20 TPI cap head screw (3/8 Allen) with Grade 8 washer ARCA Mounting Base with 2 1/4 x 20 screws. MODULAR BARREL VISE KIT Safety Instruction Guide

Introduction

Thank you for choosing the Modular Barrel Vise Kit from Short Action Customs. This guide provides essential safety instructions to ensure the safe use of your product. Please read this guide carefully before using the Modular Barrel Vise Kit and keep it for future reference.

General Safety Guidelines

- Always ensure that your work area is clean and organized to prevent accidents.
- Use the Modular Barrel Vise Kit only for its intended purpose, which is to assist in the maintenance and barrel changes of rifles.
- Keep the Modular Barrel Vise Kit out of reach of children and unauthorized users.
- Inspect the Modular Barrel Vise Kit for any damage or wear before each use. Do not use if damaged.
- Follow all instructions provided in this guide to avoid potential hazards.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the kit.

Specific Safety Precautions for Use

- Ensure that the rifle is unloaded and the action is open before attaching it to the Modular Barrel Vise.
- Do not exceed the recommended torque specifications when securing the barrel to avoid damaging components.
- Be cautious of sharp edges and moving parts while handling the Modular Barrel Vise Kit.
- Avoid placing your hands or any body parts near moving parts during operation.
- If you experience any issues or malfunctions while using the Modular Barrel Vise Kit, stop using it immediately and seek assistance.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have all necessary tools and components as listed in the product description.
- Set up your work area with adequate lighting and ventilation.

2. Installation:

- Secure the ARCA Mounting Base to a stable surface, such as a milling machine table or workbench, using the provided screws.
- Attach the Upper and Lower Barrel Vise components to the mounting base, ensuring they are aligned and securely fastened.

3. Using the Modular Barrel Vise:

- Place the barrel into the vise, ensuring it is properly aligned with the bushings.
- Use the single torque bolt to secure the barrel in place. Ensure it is tightened adequately but do not overtighten.
- Check the alignment and stability of the barrel before proceeding with maintenance or changes.
- After completing your work, carefully release the torque and remove the barrel from the vise.

4. PostUse:

- Clean the Modular Barrel Vise Kit after use to maintain its functionality and longevity.
- Store the kit in a safe and dry location, away from children and unauthorized users.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the Modular Barrel Vise Kit becomes damaged beyond repair, dispose of it responsibly, ensuring that any hazardous materials are handled according to local waste disposal guidelines.

Contact Information for Further Support

For safety inquiries or additional support regarding the Modular Barrel Vise Kit, please refer to the manufacturer's contact resources available on their official website or product packaging.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using the Modular Barrel Vise Kit for your rifle maintenance needs.
