

MODULAR ACTION WRENCH HEADS - SHORT ACTION CUSTOMS

MODEL 7 WRENCH HEAD - ZERMATT TL/SR/ORIGIN

[Gunsmith Tools](#) > [Rifle Tools](#) > [Wrenches](#)

MODULAR ACTION WRENCH HEADS **DO NOT use SAC action wrench head without proper SAC bumpers. Bumpers are only available with the Modular Action Wrench Kit** The SAC Modular Action Wrench Heads are designed to precisely fit your action to ensure proper torque and to protect your action from any damage. Made from 4140 Alloy Steel and heat treated to HRC 32 with a black nitride finish. With a low cost, the action wrench heads are quick and tool-less allowing the end user to have one tool that can work on most actions, without compromise. Actions that do not utilize a counterbore on the barrel face will come with a short front bumper to properly locate it in the action. Simply select the appropriate model number for the action you wish to use. If you do not see your action listed, please contact SAC, they are always developing new action wrench heads and some actions may work with certain models. We will update the list. *** Indicates Right Hand Configuration Only

Safety Instruction Guide for MODULAR ACTION WRENCH HEADS

Introduction

Thank you for choosing the MODULAR ACTION WRENCH HEADS from SHORT ACTION CUSTOMS. This guide provides essential safety information and instructions for the proper use of the product. Please read this guide carefully to ensure safe operation and maintenance.

General Safety Guidelines

- Ensure that the MODULAR ACTION WRENCH HEADS are used only for their intended purpose.
- Always use the appropriate model number that corresponds with your action to avoid damage and ensure safety.
- Inspect the wrench heads for any signs of wear or damage before each use.
- Keep the product out of reach of children and unauthorized users.
- Use safety equipment such as gloves and eye protection while using the wrench heads.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- DO NOT use the SAC action wrench head without proper SAC bumpers. Bumpers are only available with the Modular Action Wrench Kit.
- Ensure that the ejector is removed when using Model 7 with Bighorn TL, SR, and Origin actions.
- Use caution when selecting the appropriate model number for your action. If your action is not listed, please contact SAC for assistance.
- Avoid using the wrench heads on actions that do not utilize a counterbore on the barrel face without the proper front bumper.
- Follow the torque specifications provided by the action manufacturer to prevent damage.

Instructions for Installation and Usage

1. Selecting the Model:

- Identify the action type you are using.
- Choose the appropriate model number based on the following:
 - Model 1: Remington 700 actions, Defiance Deviant/Ruckus/Rebel actions (Does not fit Defiance Elite), Impact 737 actions, Bergara B14, Lone Peak Fuzion.
 - Model 2: Winchester M70, FN SPR actions, Springfield 1903.
 - Model 3: American Rifle Company Mausingfield actions.
 - Model 4: BAT Machine TR and similar actions.
 - Model 5: Tikka T3 actions.
 - Model 6: Howa 1500 actions, Borden actions, Kelbly's actions, and Savage® Actions.
 - Model 7: Bighorn TL, SR, and Origin actions (ejector must be removed), Gunwerks GLR Left and Right, Savage Small Shank.
 - Model 8: American Rifle Company Nucleus/Archimedes actions.
 - Model 9: Curtis Custom actions only (will not work with Terminus actions).
 - Model 10: Defiance Elite, Pierce actions, Tuebor Raider.
 - Model 11: Defiance .750" diameter bolts, Surgeon XL.
 - Model 12: Sako A7.
 - Model 13: Surgeon 591.

- Model 14: Terminus actions (will work with Curtis Customs).
- Model 15: Sako TRG actions.
- Model 20: McMillan TAC50 actions.

2. Installation:

- Ensure your workspace is clean and free from distractions.
- Place the action wrench head onto the action securely.
- If applicable, attach the appropriate bumper to the front of the wrench head.
- Verify the alignment of the wrench head and the action before applying torque.

3. Usage:

- Apply torque gradually and evenly according to the specifications provided by the action manufacturer.
- Do not exceed the recommended torque limits to avoid damaging the action.
- After use, remove the wrench head and store it in a safe location.

Disposal Instructions

- Dispose of any damaged or worn wrench heads according to local regulations.
- Do not dispose of the product in regular household waste.
- Check for any specific recycling programs available in your area.

Contact Information for Further Support

For any inquiries regarding safety, usage, or support, please refer to the contact details provided with your product packaging or visit the manufacturer's website.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our top priorities.
