

MODULAR ACTION WRENCH HEADS - SHORT ACTION CUSTOMS MODEL 11 WRENCH HEAD - DEFIANCE .750 DIA BOLTS, SURGEON XL

[Gunsmith Tools](#) > [Rifle Tools](#) > [Wrenches](#)

MODULAR ACTION WRENCH HEADS **DO NOT use SAC action wrench head without proper SAC bumpers. Bumpers are only available with the Modular Action Wrench Kit** The SAC Modular Action Wrench Heads are designed to precisely fit your action to ensure proper torque and to protect your action from any damage. Made from 4140 Alloy Steel and heat treated to HRC 32 with a black nitride finish. With a low cost, the action wrench heads are quick and tool-less allowing the end user to have one tool that can work on most actions, without compromise. Actions that do not utilize a counterbore on the barrel face will come with a short front bumper to properly locate it in the action. Simply select the appropriate model number for the action you wish to use. If you do not see your action listed, please contact SAC, they are always developing new action wrench heads and some actions may work with certain models. We will update the list. *** Indicates Right Hand Configuration Only

Safety Instruction Guide for MODULAR ACTION WRENCH HEADS SHORT ACTION CUSTOMS MODEL 11 WRENCH HEAD SAKO A7

Introduction

Thank you for choosing the Modular Action Wrench Heads from Short Action Customs. This guide provides essential safety instructions and usage information to ensure your safe and effective use of the product. Please read this document carefully before using the wrench heads.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in this guide.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the wrench heads.
- Inspect the wrench heads before each use for any signs of damage or wear. Do not use damaged tools.
- Keep the wrench heads out of reach of children and vulnerable individuals.
- Follow all instructions and warnings provided in this guide to avoid potential hazards.

Specific Safety Precautions for Use

- **Proper Use:** Use the Modular Action Wrench Heads only with the correct action and model number specified. Using the wrong model can lead to damage or injury.
- **Use of Bumpers:** DO NOT use the SAC action wrench head without proper SAC bumpers. Bumpers are essential for safe operation and are only available with the Modular Action Wrench Kit.
- **Torque Management:** Ensure that the wrench heads are properly fitted to the action to guarantee accurate torque application and prevent damage.
- **Counterbore Consideration:** Actions that do not utilize a counterbore on the barrel face will require a short front bumper for proper alignment.
- **Ejector Removal:** For specific models (e.g., Bighorn TL, SR, and Origin actions), the ejector must be removed before using the wrench heads.

Instructions for Installation and Usage

1. **Select the Appropriate Model:** Identify the model number that matches your action type as listed below:
 - Model 1: Remington 700 actions, Defiance Deviant/Ruckus/Rebel actions (Does not fit Defiance Elite), Impact 737 actions, Bergara B14, Lone Peak Fuzion.
 - Model 2: Winchester M70, FN SPR actions, Springfield 1903.
 - Model 3: American Rifle Company Mausingfield actions.
 - Model 4: BAT Machine TR and similar actions.
 - Model 5: Tikka T3 actions.
 - Model 6: Howa 1500 actions, Borden actions, Kelbly's actions, and Savage® Actions.
 - Model 7: Bighorn TL, SR, and Origin actions (ejector must be removed), Gunwerks GLR Left and Right, Savage Small Shank.
 - Model 8: American Rifle Company Nucleus/Archimedes actions.
 - Model 9: Curtis Custom actions only (will not work with Terminus actions).
 - Model 10: Defiance Elite, Pierce actions, Tuebor Raider.
 - Model 11: Defiance .750" diameter bolts, Surgeon XL.
 - Model 12: Sako A7.

- Model 13: Surgeon 591.
- Model 14: Terminus actions (will work with Curtis Customs).
- Model 15: Sako TRG actions.
- Model 20: McMillan TAC50 actions.

2. Installation:

- Align the wrench head with the action ensuring a snug fit.
- Attach the appropriate bumper if required.
- Ensure all components are securely fastened before use.

3. Usage:

- Apply torque gradually and evenly while monitoring the fit.
- Avoid overtorquing, which can damage both the wrench head and the action.
- If any resistance is encountered, stop and reassess the fit before proceeding.

Disposal Instructions

- Dispose of any damaged or worn tools in accordance with local regulations.
- Do not dispose of the product in household waste. Check local recycling programs for metal recycling options.

Contact Information for Further Support

For any inquiries or further assistance regarding the Modular Action Wrench Heads, please contact the manufacturer or your point of purchase. Always ensure you have the product details ready for a more efficient response.

Thank you for prioritizing safety and compliance while using the Modular Action Wrench Heads from Short Action Customs. Your adherence to these guidelines will help ensure a safe and effective experience.
