

NECK/SHOULDER SIZING BUSHINGS - SHORT ACTION CUSTOMS

6MM BRA 0.266" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

Attributes

- Name: [SHORT ACTION CUSTOMS 6MM BRA 0.266" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050176
- Mfr. No.: SAC-6BRA266
- Diameter (in): .266
- Delivery weight: 0.018kg
- Shipping height: 25mm
- Shipping width: 89mm
- Shipping length: 102mm

Safety Instruction Guide for NECK/SHOULDER SIZING BUSHINGS SHORT ACTION CUSTOMS 6MM BRA 0.266" SIZING BUSHING

Introduction

Thank you for choosing the NECK/SHOULDER SIZING BUSHINGS from Short Action Customs. These bushings are designed for use in Modular Sizing Dies and are intended to ensure precise cartridge sizing. This guide provides essential safety instructions and usage guidelines to help you operate the product safely and effectively.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling the product.
- Inspect the product for any damage or wear before use. Do not use if damaged.
- Follow all instructions carefully to minimize risks associated with improper use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended specifications for the sizing bushings to avoid malfunction.
- Ensure that the bushings are securely fitted in the Modular Sizing Dies before use.
- Avoid using excessive force when resizing cartridges to prevent damage to the bushings or the dies.
- Handle the bushings with care to prevent injury from sharp edges.
- Store the bushings in a dry and safe place when not in use to prevent corrosion and damage.

Instructions for Installation and Usage

1. Installation:

- Ensure that the Modular Sizing Die is clean and free of debris.
- Select the appropriate NECK/SHOULDER SIZING BUSHING for your cartridge.
- Insert the sizing bushing into the die until it is fully seated.
- Secure the bushing in place according to the die's instructions.

2. Usage:

- Prepare your cartridge cases for resizing by cleaning and inspecting them.
- Adjust the die according to the manufacturer's specifications to achieve the desired bump.
- Place the cartridge case into the die and apply consistent pressure to resize.
- Remove the resized cartridge case and inspect it for proper sizing and any defects.
- Repeat the process for additional cartridges as needed.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of bushings in regular household waste if they are made of metal; check for recycling options.
- Ensure that all packaging materials are disposed of responsibly.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions, you can ensure a safe and effective experience with your NECK/SHOULDER SIZING BUSHINGS from Short Action Customs. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
