

NECK/SHOULDER SIZING BUSHINGS - SHORT ACTION CUSTOMS 6MM CREEDMOOR 0.268" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

Attributes

- Name: [SHORT ACTION CUSTOMS 6MM CREEDMOOR 0.268" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050178

NECK/SHOULDER SIZING BUSHINGS SHORT ACTION CUSTOMS 6MM CREEDMOOR 0.268" SIZING BUSHING Safety Instruction Guide

Introduction

Thank you for choosing the Neck/Shoulder Sizing Bushings from Short Action Customs. This guide provides essential safety information and instructions for the proper use of this product. Please read this guide carefully to ensure safe and effective use.

General Safety Guidelines

- **Product Safety:**
 - Ensure that the sizing bushings are used only with the compatible Modular Sizing Dies from Short Action Customs.
 - Always check for visible damage before use. Do not use if damaged.
- **Enhanced Recalls:**
 - Stay informed about any recalls or safety notices related to this product by checking reliable sources, such as the EU Safety Gate platform.
- **Online Shopping:**
 - Purchase products only from authorized retailers to ensure safety and compliance with regulations.
- **Special Consumer Focus:**
 - This product is intended for use by adults only. Keep out of reach of children.
- **EU Contact Point:**
 - For safety inquiries, please refer to the relevant EU-based contact for assistance.
- **Rapid Alerts:**
 - Monitor updates on product safety and recalls through the Safety Gate system.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while handling and using the sizing bushings.
- Ensure that your work area is clean and free from clutter to prevent accidents.
- Keep all tools and equipment in good working condition to avoid malfunctions.
- Do not exceed the manufacturer's recommended specifications for use.
- Avoid using the product in wet or damp conditions to prevent slipping or electrical hazards.
- If you experience any discomfort or notice unusual sounds during use, stop immediately and inspect the product for issues.

Instructions for Installation and Usage

1. Installation:

- Ensure that the Modular Sizing Die is securely mounted and properly aligned in your reloading press.
- Select the appropriate sizing bushing (0.268") for your cartridge and insert it into the die according to the manufacturer's instructions.
- Tighten any screws or clamps to secure the bushing in place.

2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for damage.

- Insert the cartridge case into the die and apply steady pressure to size the neck and shoulder.
- Monitor the amount of bump applied to ensure it meets your specifications.
- After sizing, remove the cartridge case and inspect it for any signs of damage or irregularities.

3. PostUsage Care:

- Clean the sizing bushings after each use to remove any residue and prevent corrosion.
- Store the bushings in a dry, safe place away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any damaged or unusable sizing bushings in accordance with local regulations.
- If the product is no longer needed, consider recycling it if possible, or dispose of it as general waste.

Contact Information for Further Support

For any questions or concerns regarding the Neck/Shoulder Sizing Bushings, please refer to the appropriate contact point as per EU regulations. Ensure you have your product details available for reference.

Thank you for following these guidelines to ensure your safety and the proper use of the Neck/Shoulder Sizing Bushings.
