

NECK/SHOULDER SIZING BUSHINGS - SHORT ACTION CUSTOMS 6MM CREEDMOOR 0.269" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

Attributes

- Name: [SHORT ACTION CUSTOMS 6MM CREEDMOOR 0.269" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050179

NECK/SHOULDER SIZING BUSHINGS SHORT ACTION CUSTOMS 6MM CREEDMOOR 0.269" SIZING BUSHING Safety Instruction Guide

Introduction

Thank you for choosing the Neck/Shoulder Sizing Bushings from Short Action Customs. This product is designed to work with Modular Sizing Dies to ensure precise cartridge sizing while enhancing safety and performance. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the sizing bushing for any signs of damage or wear before use.
- Follow all instructions provided in this guide to avoid potential hazards.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the sizing bushing.
- Do not exceed the recommended sizing specifications for your cartridges.
- Ensure that the sizing bushing is securely fitted in the Modular Sizing Die before use.
- Avoid using excessive force when sizing cartridges to prevent damage to both the bushing and the cartridge.
- If you notice any irregularities during use, cease operation immediately and inspect the product.
- Store the sizing bushing in a dry, cool place to prevent corrosion and damage.

Instructions for Installation and Usage

1. Installation:

- Ensure the Modular Sizing Die is clean and free from debris.
- Carefully insert the Neck/Shoulder Sizing Bushing into the die, ensuring it is properly seated.
- Tighten any locking mechanisms or screws to secure the bushing in place.

2. Usage:

- Prepare your cartridges for sizing according to the manufacturer's guidelines.
- Insert the cartridge into the Modular Sizing Die with the installed sizing bushing.
- Apply smooth, even pressure to the press handle to size the cartridge.
- Monitor the process closely for any signs of resistance or irregularities.
- Once completed, carefully remove the sized cartridge and inspect it for proper sizing.

Disposal Instructions

- Dispose of the Neck/Shoulder Sizing Bushing in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Consider recycling options available for stainless steel products.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please contact the manufacturer directly. Ensure you have the product details ready for reference.

Thank you for prioritizing safety and compliance with the guidelines provided in this manual. Your adherence to these instructions will help ensure a safe and effective experience with your Neck/Shoulder Sizing Bushings.
