

# NECK/SHOULDER SIZING BUSHINGS - 6.5MM CREEDMOOR 0.288" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

## Attributes

- Name: [6.5MM CREEDMOOR 0.288" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050181
- Mfr. No.: SAC-65CR288
- Diameter (in): .288
- Delivery weight: 0.018kg
- Shipping height: 25mm
- Shipping width: 89mm
- Shipping length: 102mm

# NECK/SHOULDER SIZING BUSHINGS 6.5MM CREEDMOOR 0.288" SIZING BUSHING Safety Instruction Guide

## Introduction

Thank you for choosing the Neck/Shoulder Sizing Bushings from Short Action Customs. This guide provides essential safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before using the bushings.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate safety gear, including eye protection, when handling or using the bushings.
- Keep the bushings out of reach of children and other vulnerable individuals.
- Regularly inspect the bushings for signs of wear or damage. Do not use damaged bushings.
- Follow all local laws and regulations regarding the use of reloading equipment and materials.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Handle the bushings with care to avoid injury. Sharp edges may be present.
- Ensure that the sizing bushings are compatible with your Modular Sizing Dies before use.
- Do not exceed the recommended sizing limits as specified by the manufacturer.
- Avoid using excessive force during the sizing process to prevent equipment failure or personal injury.
- Store the bushings in a dry and secure location to prevent corrosion and damage.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials required for the installation and use of the bushings.
- Ensure that your workspace is clean and free from obstructions.

### 2. Installation:

- Remove the Modular Sizing Die from your reloading press.
- Carefully insert the Neck/Shoulder Sizing Bushing into the die. Ensure it is seated properly.
- Reattach the Modular Sizing Die to your reloading press, ensuring all connections are secure.

### 3. Usage:

- Place the cartridge case into the die.
- Adjust the die settings to achieve the desired amount of bump while fully sizing the neck of the cartridge.
- Operate the reloading press according to the manufacturer's instructions.
- Inspect the sized cartridge for proper dimensions and concentricity before use.

### 4. PostUsage:

- Clean the bushings after each use to maintain performance and longevity.
- Store the bushings in their original packaging or a secure container to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste. Contact local waste management for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Neck/Shoulder Sizing Bushings, please refer to the manufacturer's website or contact their customer support for assistance. Ensure you have the product details on hand for a more effective inquiry.

By following these safety instructions, you can ensure a safe and effective experience with your Neck/Shoulder Sizing Bushings. Thank you for your attention to safety and compliance.
