

NECK/SHOULDER SIZING BUSHINGS - SHORT ACTION CUSTOMS 6MM GT 0.265" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

Attributes

- Name: [SHORT ACTION CUSTOMS 6MM GT 0.265" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050184
- Mfr. No.: SAC-6GT265
- Diameter (in): .265

NECK/SHOULDER SIZING BUSHINGS SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the NECK/SHOULDER SIZING BUSHINGS from Short Action Customs. This guide provides essential safety instructions and usage information to ensure safe and effective operation of the product. Please read this guide carefully before use.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- If you notice any defects, discontinue use immediately and contact the manufacturer.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use protective eyewear when handling and operating the sizing bushings.
- Avoid direct contact with sharp edges to prevent cuts or injuries.
- Ensure that your workspace is clean and organized to prevent accidents.
- Do not exceed the recommended specifications for the bushings to avoid malfunction.
- Handle the sizing bushings with care to avoid dropping or damaging them.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have the appropriate Modular Sizing Die for the NECK/SHOULDER SIZING BUSHINGS.
- Gather all necessary tools for installation.

2. Installation:

- Carefully remove the sizing bushing from its packaging.
- Align the bushing with the Modular Sizing Die.
- Insert the bushing into the die, ensuring it is seated properly.
- Tighten any locking mechanisms as per the manufacturer's instructions.

3. Usage:

- Follow the specific instructions for adjusting the bushing to achieve the desired neck sizing.
- Monitor the sizing process to ensure that there is no excessive runout or misalignment.
- After use, clean the bushing to maintain its performance and longevity.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the sizing bushings are damaged beyond repair, follow local guidelines for the disposal of metal materials.
- Do not dispose of the product in regular household waste if it is still functional; consider donating or recycling.

recycling.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please contact the manufacturer directly. Ensure that you have the product details ready for reference.

By following these safety instructions, you can ensure a safe and effective experience with the NECK/SHOULDER SIZING BUSHINGS. Thank you for your attention to safety and responsible usage.
